NEW MANUFACTURED HOME PERMIT APPLICATION

Name:_____ Date:_____

Address:_____

Home Phone:_____ Alternate Phone:_____

LGH Section:_____ Block:_____ Lot/s:_____

This application is submitted for approval of the attached construction plans, which detail all proposed structures and their locations on the property. The applicant agrees to execute the construction according to these plans and in compliance with subdivision restrictions, including the requirement to use only new materials. Minimum set-back requirements, as outlined in the subdivision restrictions, must be adhered to.

It is understood that this application and any subsequent approval will be void if construction does not begin within eight months from the date above. Additionally, the exterior work must be completed within six months from the start of construction. The applicant also agrees that any deviations from the attached plans or specified materials will render this approval invalid.

To request approval, please submit pictures and/or detailed plans of the house and any proposed structures, such as storage buildings or fences.

A current survey or confirmation of the original survey stakes, along with a plat drawing that illustrates the locations of the house, porches, and garage/carport on the lot will be necessary. The drawing should also indicate required building lines, easements, and set-back areas.

Applicant agrees that home must be in accordance with subdivision restrictions, specifying minimum floor space and set-back on property. Completed installation of under-skirting must be within 6 months of placement of home.

Note: mobile homes being moved into LGH must not be over 5 years old without prior written approval of the Architectural Control Committee and the Board of Directors.
