No Interest if Paid in Full within the 6,12,18 or 24 Month Promotional Period *

The Monthly Payment shown may be greater than the required minimum monthly payment that will be on your billing statement when you use the promotional financing offer.

This estimated payment:

- Equals the promotional purchase amount divided by the promotional period rounded to the next highest whole dollar.
- Would pay off the promotional purchase amount within the promotional period, but only if there are no other balances on your account at any time during the promotional period and you make your payments on time. Your total payments will equal the amount of the promotional purchase amount.

If the promotional purchase amount is not paid in full within the promotional period, interest will be charged to your account from the purchase date and your total payments will be greater than the amount of the promotional purchase amount.
