

QUIET LEADERSHIP: RESET

AN EXPERIENCE FOR NON-PROFITS
BY KAREN GROSZ

ABOUT KAREN

I have done many things, but what runs through all of them is helping others. Encouraging them. Cheering them. Inspiring them to be their very best, as part of a team or individually. That is why I built this business; so I can help you and coach you and inspire you to move forward.

HOW RESET IMPACTS YOUR NONPROFIT:

ReSet is a 4-hour event designed to engage and inspire your donors. The speakers and activities are designed to connect your supporters to your mission in a new and in-depth way. The increased awareness and new, like-minded acquaintances will help drive your mission forward.

THE TAKEAWAY:

We'll design ReSet together and your non-profit will walk away with more engaged donors, a more powerful board and staff, inspiration, and some revenue, too. Let's work on this together! We will choose the right speakers, the right message, and plan a day that people will be talking about for months.
