

UTILITY FASTENERS & PROCUREMENT SERVICES

ABOUT US

SPS Utility is a pole line hardware and utility industry fastener provider that supplies hardware components and assemblies for utility Transmission & Distribution, substations, and in wholesale distribution markets.

SPS also distributes threaded fastener products to independent lumber distributors, fastener distributors, infrastructure construction companies and component manufacturing.

CULTURE

51/49

WE ARE COMPETITIVE

Our ability to problem solve will open doors, but it's our commitment to quality, service, and competitive pricing that will keep customers coming back and actively seeking opportunities to growth their business with us.

We will live by the mantra "51/49," meaning that we will give others more than we expect to get back in return. Customers and employees always get the best end of the deal.

Responsiveness
Customization
Flexibility
Creative Solutions

Rebate Programs
Freight Programs
Supplier Relationships
Inventory Agreements

We are not afraid to put winning parts on the shelf to reduce lead times or secure better costs.

PARTNER RELATIONSHIP MANAGEMENT
