## **THE TRUE AUTHORSHIP OF THE CURSILLO**

Excerpt from the book MY SPIRITUAL TESTAMENT

All these truths that follow and which I believe it is my duty to express so that everything is as clear as possible, I do not do so with the plan of wanting to be the main character, because whenever I have been asked who was the author of everything about Cursillo I have categorically said that it was the Holy Spirit, but when I have been asked who made up the structure, who collected the anecdotes, who made the lay rollos, who devised the Group Reunion and the Ultreya, so as to avoid lying I have had to say that it was me.

In order to conclude with this reference, I realize that without being aware, I have used, as always, the royal we, which could lead to the idea that there were others beside me who helped by contributing ideas; what did happen is that I would read to them what I thought and they listened attentively.
