Clopay

the right choice for your home.

- Clopay is North America's largest and most trusted residential garage door brand.
- A garage door can represent as much as 30% of your home's front façade, which makes choosing the right design especially important — and Clopay has the widest selection available.
- Clopay garage doors are designed and manufactured in the USA.

If you haven't looked at garage doors lately, prepare to be pleasantly surprised. Clopay has taken them from functional to fashionable.

OPEN CAMERA
AND POINT!

See what inspires you with the Clopay Door Imagination System™. Upload a photo of your own home and see what style offers you the look you want. With just a few simple clicks, you can visualize the transformation and make it a reality!

To get started, open your camera and point at the QR code or visit dis.clopay.com.

Whether you choose a door that features the beauty of natural wood or the low maintenance of a composite or metal door, the Door Imagination System™ will help you find your dream door.

Bridgeport™ Steel

Coachman®

Canyon Ridge®

the DIFFERENCE

is in the details.

statement makers

DEEP-EMBOSSSED PANELS

Natural woodgrain texture and detailed raised panel designs enhance the door's beauty.

COPED EDGES

Coachman® garage doors are designed with stylish beveled, coped edges and decorative center grooves.

HANDCRAFTED WOOD

Premium-quality wood harvested from sustainable and naturally fallen forestry provides exceptional beauty and durability.

ULTRA-GRAIN® FINISHES

Faux-woodgrain steel door paint coatings offer the beauty of wood with far less upkeep.

FAUX WOOD

Unique composite overlay doors combine the realism and beauty of real wood with the strength and energy efficiency of insulated steel.

DESIGNER WINDOWS

Allow natural light into your garage and complement your home's exterior with beautiful window designs. Clopay's decorative inserts are removable for easy cleaning or to change designs.

reliable, safe and durable construction

RUST-PREVENTION SYSTEM

Steel skins are protected through a tough, layered coating system, including a hot-dipped galvanized layer, a protective metal oxide pretreatment and a baked-on primer and top coat.

SEAL OUT THE ELEMENTS

Replaceable bottom weatherseal in a corrosion-resistant retainer helps seal out the elements.

CLOPAY'S SAFE-T-BRACKET[®]

Helps prevent serious injury that could occur if the bottom bracket were removed with the garage door closed and under tension.

HEAVY-DUTY HARDWARE

2" thick polystyrene doors and all Intellicore[®] polyurethane insulation doors come standard with 10-ball nylon rollers and heavy-duty 14 gauge steel hinges.

Reserve[®] Wood Custom;
Factory Stain Finished in Dark Oak

WARMER

Industry-leading R-values of up to 20.4 provide year-round comfort and energy savings.

QUIETER

Just open a non-insulated garage door and then an Intellicore door, and you'll hear a huge difference.

STRONGER

A Clopay garage door featuring Intellicore is nearly twice as strong as a polystyrene door of the same thickness, so it will look better, longer.

Look for this symbol on select products that feature Intellicore.

AVANTE®

The perfect choice to modernize any home, the Avante turns an ordinary garage into a stunning architectural focal point. Fitted with tempered glass panels, the door fills the garage with natural light during the day and delivers a dramatic effect when the lights are turned on at night. The commercial-grade aluminum frame comes in a number of colors to complement your home. A variety of glass options allow you to bring as much or as little natural light in without compromising privacy.

Model AXU

Model AX

STYLE AND CONSTRUCTION

- Aluminum frame provides a virtually maintenance-free, long-lasting door.
- Intellicore® polyurethane insulated rails and stiles. (Model AXU)
- R-value 3.8/U-factor 0.86. (Model AXU when glazed with clear insulated glass)
- Many glass and panel options available.
- Section joint seal helps keep out air and water.
- Integral reinforcing fin provides increased strength and longevity. (Available on double car models)
- Heavy-duty steel ball bearing rollers with nylon tires provide quiet operation.

**Doors wider than 14' include built-in reinforcing fin. Standard doors 12' and under do not use built-in reinforcing fin. Usage on widths 12'2" to 14' depend upon glass weight. WINDCODE® doors may vary. Contact your Clopay Dealer for details.*

Calculated door section R-value is in accordance with DASMA TDS-163.

FRAME/SOLID PANEL COLOR OPTIONS

CUSTOM PAINT OPTIONS

Custom colors make Avante® garage doors personal. Choose a Color Blast® finish or RAL Powder Coating to create the perfect door. The only limit is your imagination! See your Clopay Dealer for details.

AVANTE® SLEEK

A departure from the grid-like pattern of standard aluminum and glass garage doors, the new Avante Sleek model features slim horizontal glass windows and minimal vertical stiles for broad unobstructed views. If you're in search of a garage door with a minimalist frame design that gives off "panoramic vibes" and lets in plenty of daylight, this is it. Customize the door in a number of painted or anodized finishes and glazing options.

Canyon Ridge® Carriage House 5-Layer, Design 13; Shown in Dark Finish with Pecky Cypress Cladding, Clear Cypress Overlays and ARCH13 Window Design

faux wood.
REAL BEAUTY.

CANYON RIDGE®

carriage house

5-LAYER CONSTRUCTION

Beautiful and unique, Canyon Ridge® Carriage House garage doors are constructed with an energy-efficient, Intellicore® polyurethane insulated steel base and finished with faux-wood composite cladding and overlays. The appearance is that of authentic swing-out doors but with the convenience of modern, upward operation.

The cladding and overlay materials are molded from actual wood to reproduce the natural texture and grain patterns of the species that they emulate. The result is a distinctive wood-look door that is often indistinguishable from the real thing.

CUSTOM PAINT OPTION

Color Blast® finish offers more than 1,500 Sherwin-Williams® color options to complement your home. Clopay's durable two-part paint system has been thoroughly tested and is backed by a five-year warranty.

SHUTTER STYLE for any home

Canyon Ridge® Louver, Design 54; Shown in Black Finish with Louver Mahogany Cladding and Mahogany Overlays

CANYON RIDGE® louver

Versatile and unique, the plantation shutter style Canyon Ridge® Louver garage doors are a perfect complement to coastal beach homes or colonial estates. They can also be a standout piece on traditional exteriors or modern farmhouses. Whatever your style, these doors add “wow” factor to your home. As with all Canyon Ridge doors, they are constructed with a strong, Intellicore® polyurethane insulated, steel door base with the added beauty of faux wood. The result is a low maintenance door that is a perfect way to add flare to your home.

faux wood.
REAL MODERN.

CANYON RIDGE®

modern

Canyon Ridge® Modern faux-wood garage doors are constructed from a durable, low-maintenance, composite material that won't rot, warp or crack. As versatile and realistic-looking as natural wood but requiring far less upkeep, the Modern garage door designs feature key elements of contemporary architecture: clean, horizontal lines with mid-century appeal, sleek window styles and aluminum accents. These faux-wood doors are a perfect complement to other natural materials and textures on your home's exterior.

CUSTOM PAINT OPTION

Color Blast® finish offers more than 1,500 Sherwin-Williams® color options to complement your home. Clopay's durable two-part paint system has been thoroughly tested and is backed by a five-year warranty.

COACHMAN®

The perfect blend of beauty and practicality, these carriage house doors look like wood, but they are actually crafted of multiple layers of durable, low-maintenance steel and insulation topped with a woodgrain-textured composite overlay.

Accented with decorative black wrought iron hardware, Coachman® garage doors have the charming appearance of an old-fashioned swing-out door, but offer the built-in convenience of modern upward operation.

Complete overlay and true arch window designs provide an authentic carriage house look, setting Clopay's Coachman® garage doors above the rest.

Coachman® Design 11 with REC13 Window Design; Craftsman Collection Fir Grain Fiberglass Entry Door with Clarion™ Frost Glass and SDL Grilles in Walnut Finish

DOOR DESIGNS

Coachman doors can be painted using a high-quality exterior latex paint. **IMPORTANT:** For doors being painted black and very dark colors (having an LRV of 12 or less), please order Canyon Ridge Carriage House 4-Layer in Black or primed. For colors having an LRV of 13 to 38 we require the use of tested and approved paints. A list of tested and approved paints can be found at: <http://info.garagedoors.com/lrv>.

WINDOW FRAME DETAILS

Window frames on Classic™ Steel, Gallery® Steel, Bridgeport™ Steel and Modern Steel™ Ultra-Grain® finish garage doors are a solid color, designed to complement colors in the grain pattern.

DIRECTIONAL GRAIN PATTERN

On Gallery® Steel, Bridgeport™ Steel and Classic™ Steel doors, the oak woodgrain pattern runs horizontal along the rails and vertical along the stiles and panels for an authentic, natural look, while on the Canyon Ridge® and Modern Steel™ doors, the woodgrain runs uni-directional for an authentic, architecturally accurate look.

COMPLEMENTING ENTRY DOORS

Ultra-Grain® finish colors complement Clopay's ENERGY STAR® qualified entry doors as well as other exterior stained wood products including shutters, columns and railings.

warm, distinctive,
TIMELESS.

Reserve® Wood Limited Edition

RESERVE® WOOD

limited edition and custom

Both stunning and substantial, every Clopay® Reserve® Wood garage door embodies our total commitment to timeless design, detail and craftsmanship with the warmth and character no other material can match.

Design a door specific to your home style with our Custom garage doors, or select a preconfigured style from our Limited Edition garage doors. Add our factory stain or paint option to provide a beautiful and durable finish.

STYLE AND CONSTRUCTION

- Both Limited Edition and Custom styles are handcrafted with 5 or 4 layers and insulated with polystyrene for improved energy efficiency. 5.9 R-value.
- All Reserve® Wood garage doors are built with a swing-out appearance and convenient upward operation.
- Custom doors feature unlimited design options and unlimited wood species. You dream it, we build it.
- Windows are available in true divided or simulated divided designs. Glass available in clear, obscure and insulated options. Custom options also available. See page 49 for specialty glass options.
- Premium grade hardware, rollers and track assure smooth, quiet, long-lasting operation.
- Optional replaceable bottom weatherseal in a corrosion-resistant retainer helps seal out the elements.
- All doors can be factory primed or finish painted White. Factory stain available for stained grade wood species. Custom stain and paint colors also available.
- See Clopay's Wood brochure or go to www.clopaydoor.com for more wood door details.
