Personal Statement

As a neurologist with over 15 years of experience, I am committed to advancing patient care through evidence-based medicine and clinical innovation. My specialized focus on the intersection of stroke and headache neurology allows me to provide comprehensive care for patients with complex neurologic conditions. Through active participation in clinical research, I contribute to expanding our understanding of the nervous system while translating new discoveries into improved treatment outcomes for my patients.

Interests and Hobbies

While I'm passionate about my work in medicine, I find balance through life's simple pleasures. At home, I cherish time with my family and our beloved pets – two dogs and a cat. I'm an outdoor enthusiast who loves camping, biking, and exploring both ocean coastlines and mountain trails. When I'm not adventuring, you'll find me behind a camera capturing moments, experimenting in the kitchen, or tending to my garden. Travel feeds my curiosity about the world, and I stay connected to my medical roots by volunteering at community free clinics, where I have the privilege of educating the next generation of medical students and residents.

Board Certifications

- American Society of Neuroimaging: Neurosonology
Effective Date: January 2016 | Recertification Date: January 2027 | MOC Compliant: Yes
- American Board of Vascular Neurology
Effective Date: 10/24/2016 | Reverification Date: 03/01/2026 | MOC Compliant: Yes
- American Board of Psychiatry and Neurology
Effective Date: 09/14/2015 | Reverification Date: 03/01/2026 | MOC Compliant: Yes

Other Certifications
