Facilities & Equipment

- Offices
- Warehouse

Marine Plant Systems was established in 1992 to support specialised marine equipment supplied to the Royal Australian Navy.

Summary

Marine Plant Systems' capabilities include the sale, supply, support and service of marine equipment to the defence, commercial and oil and gas industries.

Description

Marine Plant Systems was founded in 1992 to support specialised equipment delivered to the Royal Australian Navy's Huon Class Minehunter Program. Since that time, we have supported hundreds of companies working in the defence, shipbuilding and oil and gas industries across Australia and New Zealand. We take pride in project ownership and achieving great outcomes for our customers. Our clients benefit from our expertise, lessons learned and our dedication to supplying world-class equipment supported by a team of trained after sales professionals. Marine Plant Systems is more than just an equipment agency, we are your trusted project partner from concept to commissioning and beyond.

Products and Services

- Sewage treatment plants
- Vacuum toilet systems
- Oily water separators
- Fuel oil separators
- Lube oil separators
- Oil discharge monitoring equipment
- Sea water reverse osmosis desalination
- Potable water disinfection units
- Water filtration
- Water treatment
- Water heating
- Impressed current cathodic protection
- Sea water pipework anti-fouling systems
- Ballast water treatment systems
- Air compressors
- Pilot and console chairs, passenger seating
- Inventory of hazardous materials
- Galley, laundry and catering equipment

- Woodside Energy
- Hyundai Heavy Industries

Significant Projects

Year	Project	Value	Scope of Work
Defence			
2018	Guardian Class	\$300,000	Marine supply and commissioning of reverse osmosis and disinfection equipment; SDRL and ILS
2017	Supply Class	\$750,000	Marine supply and commissioning of reverse osmosis equipment; SDRL and ILS
2016	Canberra Class	\$200,000	Marine supply of drainage pipework system; vacuum toilet system
2016	MV Sycamore	*	Reverse osmosis water makers; potable water disinfection equipment.
2015	MV Stoker	*	Reverse osmosis water makers; potable water disinfection; galley and catering equipment; vacuum toilet collection pumps.
2015	MV Besant	*	Reverse osmosis water makers; potable water disinfection; galley and catering equipment; vacuum toilet collection pumps.
2014	ABCF Thaiyak	*	Vacuum toilet system.
2014	HMAS Sirius	\$500,000	Marine supply and service, external maintenance activities
2014	Leeuwin Class	\$250,000	Marine supply, training and commissioning of cathodic protection system; SDRL and ILS
2014	Hobart Class	\$250,000	Marine supply of drainage pipework system; vacuum toilet system
2013	Cape Class	\$2,000,000	Marine supply, training and commissioning of reverse osmosis and disinfection equipment; vacuum toilet system, drainage pipework; SDRL and ILS
2008	Protector Class	\$1,000,000	Marine supply and commissioning of sewage treatment plant; SDRL and ILS
2005	Balikpapan Class	\$400,000	Marine supply and commissioning of sewage treatment plant; SDRL and ILS
1999	Collins Class	\$2,000,000	Supply of oily water separator and sea water pipework anti-fouling system; SDRL, ILS, LOTE
1999	Armidale Class	\$4,000,000	Marine supply and commissioning vacuum toilet system, sewage treatment plant, mineral oil separators, solid waste management equipment; SDRL and ILS
1994	Kanimbla Class	\$1,000,000	Marine supply and commissioning of sewage treatment plant; SDRL and ILS
1992	Huon Class	\$3,000,000	Marine supply and commissioning of sewage treatment plant; SDRL and ILS
Offshore oil and gas			
2019	Ngujima Yin FPSO	\$2,000,000	Marine supply, training and commissioning of sea water pipework anti-fouling system
2018	Shell Prelude	\$2,500,000	Marine supply and service support for utility equipment
2012	Pilbara Tugs	\$1,000,000	Marine supply, training and commissioning of box cooler anti-fouling system; cathodic monitoring system
2011	Woodside NR2	\$500,000	Supply of furnishings for living quarters
2008	Yola A Platform	\$500,000	Marine supply of vacuum toilet system
