

# Marine Plant Systems Pty Ltd

## COMPANY / CAPABILITY OVERVIEW

Supplier of equipment and services to the maritime industry.

HAMANN sewage treatment plants (STP)

Jets vacuum toilet systems.

Cathelco impressed current cathodic protection systems (ICCP).

Cathelco sea water pipework anti-fouling systems (MGPS).

Cathelco (HEM) reverse osmosis water systems.

Cleemann command and console seating.

Our team of project managers and marine engineers work with shipyards, designers, and ship owners. We develop solutions for new and retrofit projects. We carry out inspections, start-ups, and commissioning across Australia and overseas. We provide operator and maintainer training. Our equipment is on every Defence vessel class – please refer to our capability statement enclosed.
