

What does your pet need to travel

A microchip, this is a legal requirement for any dog over 8 weeks old

A valid Rabies vaccination, something your vet will be able to complete for you

An animal health certificate (AHC) or a valid pet passport for the country you are travelling to. This is where we can help you

A tapeworm treatment for pets travelling directly to Finland, Ireland, Norway or Malta.

We can complete animal health certificates within 30 miles of Henley in Arden from the comfort of your own home.
