Her doctor said no one is allowed to be with her, except for her husband, but they may even change that. It just depends on how COVID19 progresses locally. They are not allowing natural births and scheduling every woman for induced labor to try to get them in and out of the hospital as quickly as possible to lessen the opportunity to catch the virus.
23. Cheryl Millican's brother-in-law, Neil Bond, is hospitalized after breaking his femur in a fall. His wife and family are not allowed in to see him, must get updates on his condition from a nurse. He is having kidney issues now and is very weak. Prayers for him and the family.

24. Dana Konrath asks for prayer for Charlie and Jamie Goff. Charlie had a heart attack and Jamie has not been allowed in to see him. Update: Charlie had stents placed and is doing well.
25. From Shanin Moore: We are going to self-quarantine til April 6. I'm at the VA right now with my husband (Tim). He had a CT scan last week that showed nodules all over both lungs, so many they didn't count them. Two of the larger ones showed distinct signs of being cancer. He's getting a PET scan right now. Hopefully we will have answers soon. Just don't want him catching anything in the meantime.
26. Ellen Storey asks prayers for her sister's husband, Kevin Kern, a 12-year cancer survivor, has a mass in his throat that is preventing him from swallowing. It has been determined to be malignant and inoperable.
