

# **FORMAL NOTICE to END THE ARIZONA STATE OF EMERGENCY**

**TO: Governor Douglas Ducey**

**FROM:** \_\_\_\_\_  
Full Name

One of the People of Arizona, given power by AZ Constitution Article II, section 2. (*All political power is inherent in the people, and governments derive their just powers from the consent of the governed and are established to protect and maintain individual rights*). We stand as sentinels, when the enemy/government is approaching our liberties, we must cry “alarm”.

## **Notice to Agent is Notice to Principal and Notice to Principal is Notice to Agent**

This notice is being given to you **Governor Ducey**, as it is our right to give you frequent notice, based on Arizona Constitution Article II, section 1: *“A frequent recurrence to fundamental principles is essential to the security of individual rights and the perpetuity of free government”*. We must provide a constant visible reminder to government on their limits and the expansive rights of the people. Our rights are a “no tread” zone. You have failed your responsibility to the residents of Arizona, an oath you took to support the United States Constitution and Arizona Constitution, taken as Governor on January 7<sup>th</sup>, 2019 at 1:33pm. Article II, section 7 regarding this oath as governor, *“The mode of administering an oath, or affirmation, shall be such as shall be most consistent with and binding upon the conscience of the person to whom such oath, or affirmation, may be administered”*. You, in good conscience, took that oath as governor, and you are failing to uphold your oath.

You are lacking in due diligence in securing our individual rights, based on both the Arizona Constitution and U.S. Constitution, wherein the Declaration of Independence states: *“We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable rights, that among these are life, liberty, and the pursuit of happiness. That, to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed.”* We the people understand we have ALL political power in the state of Arizona, and you are simply a servant to the people, and we have full authority over you. You have stepped outside your position of servant to the people, as well as your sole position in the Executive Branch of Arizona government, to implement state laws and oversee the operation of the state executive branch. It is not in your power to make laws, nor executive orders that are in direct conflict and violation to the people of Arizona’s rights and personal liberties.

You cannot create new power or authority through executive order. You cannot govern by decree without limitation. In this respect you also failed Arizona Constitution Article V, section 4; *“He may convene the legislature in extraordinary session”*, wherein ARS 26-303 also states *“The powers granted the governor by this chapter with respect to a state of (war) emergency shall terminate if the legislature is not in session and the governor, within twenty-four hours after the beginning of such state of (war) emergency, has not issued a call for immediate special session of the legislature for the purpose of legislating on subjects relating to such state of (war) emergency.”* You failed not only in the AZ Constitution law, but ARS 26-303 statute used for the “state of (war) emergency” in all 2020/2021 executive orders. Not having the power to make new laws or mandates, a prudent and logical approach would have been to call the legislature into special session to make decisions as a legislative body, which you failed to do.

We the people demand as our rights as the citizens of Arizona, that the “state of emergency” declared on March 11<sup>th</sup>, 2020, be immediately rescinded. Pursuant to Arizona Constitution Article II, section 8 Right to Privacy; *“ No person shall be disturbed in his private affairs...”* and the state of emergency violated Arizona residents on many fronts; from business shutdowns with financial loss, to detrimental health and loss of life from postponed health care and isolated seniors in lockdown, to a year of school missed by children across the state, and your continued effort to track and obtain personal health information from all residents of Arizona, in direct violation of HIPAA (Health Insurance Portability and Accountability Act of 1996). As further stated in Miranda vs Arizona, 384 US 436, p.491 (1966); *“Where rights secured by the Constitution are involved, there can be no rule making or legislation which would abrogate them”*.

This notice serves as final notice on behalf of the people of Arizona to restrain all actions of you Governor Ducey, in respect to illegitimate laws and executive orders from this day forward, without the consent of the Arizona residents, over the people of Arizona and restricting any personal rights of individuals, businesses, health and parental rights of education for children in Arizona schools.

Governor Ducey, you have FIVE DAYS upon receipt of this notice to rescind the state of emergency orders/proclamation of emergency of March 11, 2020, and immediately notify throughout all Arizona media, radio, and print media outlets, and ADOT electronic freeway signs, that you have rescinded the state of emergency and that all personal rights have been restored to all Arizona residents. We will remind you again that stated in Article II, section 3; *“The Constitution of the United States is the supreme law of the land”* and our rights given to us in the Declaration of Independence states; *“That to secure these Rights, Governments are instituted among Men, deriving their just Powers from the Consent of the Governed, that whenever any Form of Government becomes destructive of these Ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its Foundation on such Principles, and organizing its Powers in such Form, as to them shall seem most likely to affect their Safety and Happiness”*.

If you believe that the above is untrue, please respond with within five (5) business days of receipt of this notice, by affidavit, with Constitutional Provisions showing where THE PEOPLE of Arizona gave you the power to infringe on our constitutional rights. If you fail to respond and fail to end the Arizona State of Emergency, declared March 11, 2020, within five (5) days of receipt of this notice, you are agreeing that you knowingly trespassed against The People of Arizona, committing Maladministration, and directly trampling the Oath you swore to Arizonans.
