

Grooming Tools

(USPC D Manual, 2nd Edition, p182-183)

Name: _____

Date: _____

| | <u>What is It?</u> | <u>Why Use It?</u> | <u>Notes</u> | <u>Picture</u> |
|----|--------------------|--------------------|---|---|
| 1) | | | Not too hard or sharp. Use a rubber one. |  |
| 2) | | | Too sharp to use on horse |  |
| 3) | | | May be too stiff for clipped coats |  |
| 4) | | | Best tool for getting your pony really clean with a shiny coat! |  |
| 5) | | | |  |
| 6) | | | Some hoof picks have brushes attached |  |
| 7) | | | Should be different size or color from 2 nd small sponge |  |
| 8) | | | Do NOT interchange these! |  |

| | <u>What is It?</u> | <u>Why Use It?</u> | <u>Notes</u> | <u>Picture</u> |
|-----|--------------------|--------------------|--|---|
| 9) | | | Dry out your sponges before storing away |  |
| 10) | | | Pick out the tangles with your fingers. Do not use a metal comb - too much hair breaks |  |
| 11) | | | Ouch |  |
| 12) | | | Do not use this as a sweat scraper - the metal is too hard. |  |
| 13) | | | This is so fun to do. |  |
| 14) | | | Rubbing will bring out the oils and make him shiny. |  |
| 15) | | | These are too hard to use on a horse |  |

USPC Rating Requirements:

D2-- Name 5 grooming tools and demonstrate how to use them.

Created by the Shore Riders Pony Club, Delmarva Region, 2010
