VOCAL SERVICES OFFERED

Podcasts, audio dramas, commercials, presentations, industrials, audio books, animation, video games, promos, automated telephone systems, narration.

Dan's voice can bend and flex to fit any role. It can be **calm, soothing, friendly, rough, gritty, stern, stoic, grand, evil, psychotic, sad, broken, clinical, informative**, and much more. It can be the voice of a **big brother, a young father, or a friendly neighbor**. It can be the voice of an evil clown, a stern Irish blacksmith, or a depressed cartoon dog. Dan can tweak his voice to match the needs of any client, no matter the project. He adapts quickly, takes direction well and is dedicated to professionalism and quality at all times.
