

STATEMENT OF NEED AND TARGET AUDIENCE: A faculty of physicians, distinguished as teachers and oncologists, will share their knowledge and experience with attendees at this two-day seminar. The course is designed to give the practicing physician a review of the current treatment management of common malignancies.

CONFERENCE LOCATION AND ACCOMMODATIONS:

The conference will be held in the Sammons Wing at Asheville's Grove Park Inn and will begin on Friday, October 15th with registration and conclude on Saturday, October 16th. Those wishing overnight accommodations are asked to make their own reservations with a hotel of their choice. Rooms have been blocked at a discounted rate for the Annual Fall Foliage Cancer Conference at the Omni Grove Park Inn and the Homewood Suites, however, they go quickly.

Visit www.cceinc.org for links to room reservations and alternate hotel recommendations. October is a popular vacation month in the Asheville area, so early reservations are essential. To phone the Omni Grove Park Inn directly, call (828) 252-2711 or (800) 438-5800. To phone the Homewood Suites call (828) 255-9220. Group name is Fall Foliage Cancer Conference.

TUITION: The registration fee includes tuition, continental breakfast, two lunches, refreshment breaks and syllabus. Please make checks payable to: 21st Century CARE.

ACCREDITATION STATEMENT: This live activity has been planned and implemented in accordance with the accreditation requirements and policies of the Arizona Medical Association (ArMA) through the joint providership of MORE Foundation and Community Cancer Education, Inc. MORE Foundation is accredited by ArMA to provide continuing medical education for physicians.

CREDIT STATEMENT: MORE Foundation designates this live activity for a maximum of **10.0 AMA PRA Category 1 Credits™**. Physicians should only claim credit commensurate with the extent of their participation in the activity.

COMMERCIAL SUPPORT STATEMENT: This CME activity is supported in part by educational grants; a complete list of supporters will be published in the course syllabus.

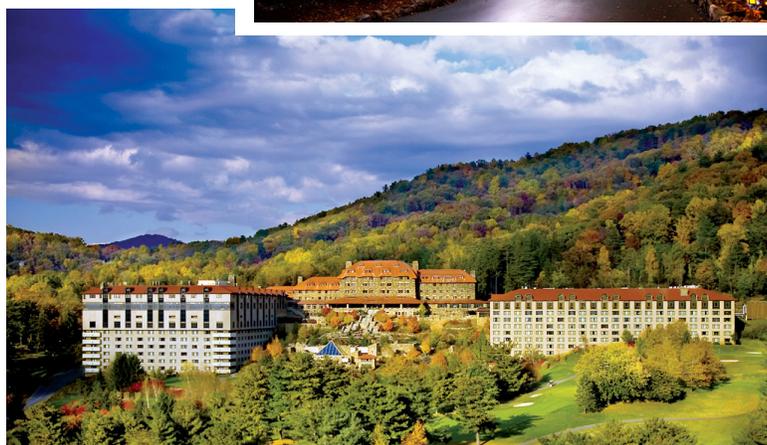

DISCLOSURE: THIS CME ACTIVITY adheres to the ACCME standards regarding industry support of continuing medical education. Disclosure of faculty and planning committee members in regards to commercial support relationships, if any will be made known at the activity.

AMERICAN WITH DISABILITIES ACTS: If you need any auxiliary aides or services identified in the Americans with Disabilities Act in order to attend this activity, please contact Nancy Robinson by telephone at (828) 277-9634 or by email at nancy@ashevillmeeting.com. This request must be received 7 days prior to this activity.

ASRT: The ASRT has approved this activity for Category A credits, Friday 4.75 hours and Saturday 7 hours, no partial credit is awarded, you must attend all day to receive credit.

CANCELLATION: A written notice of cancellation is required to receive a refund. There is a non-refundable processing fee of \$75 for all cancellations received 15 days or more prior to the start of the activity. No cancellations will be accepted less than 15 days prior to the program.

Directions to The Grove Park Inn:
Take I-240 to Charlotte Street (Exit 5-B), go north on Charlotte Street 0.5 miles, turn right on Macon Avenue. Go 0.8 mile to entrance on the left

4:00 pm	Closing Remarks Charles Thomas II, MD, FACRO,

LEARNER OBJECTIVE:

At the conclusion of the activity, participants should be better able to:

1. Describe emerging developments in immunotherapy for soft-tissue sarcoma.
2. Recognize updates in radiation therapy treatments for sarcoma.
3. Identify recent updates in surgical management of soft-tissue sarcoma.
4. Review current treatment options in the treatment of Gastrointestinal Stromal Tumors (GIST).
5. Discuss updates in gene expression profiling for melanoma.
6. Describe updates in surgical management of the regional nodal basin for melanoma.
7. Recall advances in the diagnosis and management of melanoma.
8. Identify updates in immunotherapy treatments for melanoma.
9. Evaluate advances in radiation therapy for the treatment of melanoma.
10. Discuss the therapeutic advancements in targeted therapy for melanoma.

C.A.R.E.

A Foundation for Cancer Assistance, Research & Education

21st Century C.A.R.E. is an organization dedicated to cancer patients. We were funded in 1996 and have been growing ever since. Our mission is to provide financial assistance to cancer patients in need, provide cancer education at the community level to patients, cancer care providers and the general public, to support cancer research and to conduct cancer screenings.

OMNI GROVE PARK INN & HAMPTON INN ROOM RESERVATIONS Go to www.cceinc.org

Every year we go into the community to conduct a number of screening programs, including skin, head & neck, colorectal, and prostate cancers. Besides the Fall Foliage Conference we also hold community based educational programs around the country. Our popular financial assistance program provides help for cancer patients in need for expenses such as transportation to their doctor appointments, groceries while under treatment, medical supplies, temporary housing, child care, and other incidental expenses related to cancer care. Our belief is that by not having to worry about these necessities, cancer patients can concentrate on what is really important-beating their disease.
