### We had 2 special speakers today!

Crystal Henderson, Official Records Director, and Dr Mary Ann Markey from The Teddy Bear Project spoke to our club today.

As always when someone from the Clerk of the Circuit Court visits our club, we got a lot of good information about the upgrades the county is doing to minimize wait lines for various sections. The new improvement is permitting process - now you just register at the building permit line and they will file your request with the county. One of the fun things the county is doing is "dressing up" the marriage license area. For \$35, you can be married at the courthouse. They dressed up the area for Halloween and had 15 couples married that day!

Dr Mary Ann Markey and her husband George brought us 150 stuffed teddy bears to be used for the Christmas at East event in December. We will have Santa distribute them as the kids come to greet him. Dr Markey started this organization years ago to reach out to abused and neglected children. Since then, it has gone global - including the 100 bears they handed out to both the Englewood Fire Department, and the CC Sheriff's office! We are so glad she contacted us about this wonderful organization
