

TEAM TROPHYLite RULES

We appreciate each and every team member who volunteers their time with TrophyLite. Without you none of this is possible! To ensure everyone is on the same page and representing TrophyLite in the same manner, we request you abide by the following:

- Please remember you are representing TrophyLite at all times.
- **NEVER** ask our sponsors for anything discounted or free (this includes hats, t-shirts, etc.). If you want something from our sponsors, please go thru TrophyLite to acquire it, yes...even if it's just a hat. Even if you know or think your know our sponsors well, please do not ask them for anything. It makes us look bad, and we want to continue our long-standing relationship with them.
- No alcoholic beverages during the race.
- When you are on your free time and choose to drink or get wild, please do not wear anything that says TrophyLite or its sponsors or partners.
- We'd rather you be late for your spot during the race than be injured or get damaged on the highway. Please take your time and don't get wrapped up in the racing on the highway while you are chasing or getting to the start line. Pass people wisely and safely!
