7th Tradition Discussion – Long form was read

Roundtable:

Rich (371 & PI/CPC) Bourbon meeting always doing good. Full table at both meetings. Joined Assembly, noted that the word “Eskimo” is being removed from 5th edition. Interacted with police some, and heard from other CPC folks who are working with nursing homes and SATOP. Planning to pursue that.

Don Strong attendance at 605 in Pacific. Up to 30 people on a weekday, 7 days a week at noon – a lot of people like that. Group 229 and people from Gray Summit join. Had some discussion about the facility, believes no meetings are hosted elsewhere in Pacific currently.

Robbie W (281) – Meeting is still going well, 25+ guys every week. Do a dinner on the 3rd week, and food draws a crowd. Sill trying to encourage members to get involved.

Teresa Doing well, inspired by a reading of Acceptance is the Answer at women’s meeting last week. A lot of good experiences at that meeting. Christy from Villa Ridge reported that meeting time was changing.

Pete (256 & BTG) Tuesday night big book study meeting is going strong, typically 20+ folks and good discussion. BTG – In communication with EAMO BTG and planning to man a booth at the state convention for BTG. Referrals have been dead since first couple of months, but hoping to bring attention to this committee and its work.

Cortney Paid yearly PO box bill, received some donations from several groups and individuals. Shared that we got a request to bring a meeting into a shelter via hotline voicemail.

Betty Preparing to leave town, will need help with website and hosting the meeting next month. Asked that people continue to bring people into district – we aren’t getting many visitors. Suggested “Getting Involved” as theme for district picnic.

Fall picnic Burger is being donated again, district is providing water and coffee

Closed with the Lord’s Prayer
