Roundtable:

Pete (256 & BTG) Tuesday night big book study meeting is going strong, Friday night strong too, but sporadic attendance. BTG – Discussed the need for a district directory of contacts (1 male & 1 female) from each group for BTG referrals

Rich (371 & PI/CPC) Bourbon meetings are always going good. Movie night planned for Saturday 8/8, movie at 4:30 and then meeting at 7:00. Had more interaction with Highway Patrol, they're always happy to get Where and When's. State Convention was good, met a lot of people from Troy and people that run the assembly.

Bill (219) – Meetings doing well at new location and they are filling up chairs. Thursday nights are now speaker meetings. Tina from Bourbon group is starting a day time Big Book study meeting at the same location.

Don (605) – Planning a combined Halloween party and chili competition. Getting an influx of people they haven't met before, and they are saying they heard it's a fun group. People feel at home coming in. Averaging 18 per meeting and meeting seven days a week at noon and several other meetings at different times.

Andrea (Serenity Sisters & Hunani) - Hunani House has meetings at "The Hub" Monday through Saturday. The Serenity Sisters meet in Augusta and doing really good.

Courtney (Treasurer) Gave treasury reported. Discussion about the bookstore stock and book price increases.

Jeff (Secretary) – Further discussion on the directory for BTG. This would also be useful for referrals from the hotline. We have a start on this and were calling for people to send back contact info, but not hearing back. Discussion about other ways to go about it. Asked about the guideline document for District Service.

Teresa (DCM) - Just celebrated 8 years – a miracle 🙏 Made a flyer for the picnic. Update to the time for the women's meeting at the firehouse. Will locate the service document.

Fall picnic Continued planning. Need to go through the totes.
