Message from Kellé

Hello there!

It's back to school month and you know what that means? Neither do I!

It seems every school system is doing something a little different to cope with the ongoing Covid situation and similarly, every business is a little different when it comes to their financial situation! Just because something works for one business, doesn't mean it's going to work for another. Here at Assemblage, I pride myself on strategizing a personalized plan that fits YOU. Give me a call so we can figure out what is best for YOU and YOUR business because every business is unique.

Your Virtual CFO & Business Strategist.

Are you one of [42%](#) of businesses that is struggling to find qualified employees?

There are a variety of issues plaguing the workforce still today -- fears of catching the virus, inability to find childcare, the mismatch between skills and open positions - - but at the end of the day what that means for you, the business owner, is STRESS!

Let us handle the stress :)

Here at Assemblage LLC we strive to exceed your expectations by breaking barriers and changing the game as you've known it in everyday recruiting. We don't just place candidates, we establish mentorship and long-term relationships.

Our talent acquisition specialists can help with:

Contract-to-Hire

Long-term & Short-term Projects

Direct Placement

We've heard it time and time again these last few months, people are short-staffed so they need to hire more, but in taking time out of their day for interviews and resumes they leave the other employees even MORE short-staffed and if they don't hire more staff quickly enough the staff they do have quit because they are working too much for too little.

This becomes an increasingly vicious cycle that we can break for you!

With Assemblage LLC at your side, you can keep working on the day-to-day and let us handle juggling resumes, scheduling interviews, and candidate comparison! That way your current staff sees you in the thick of it with them, you get new hirers in record time, and turnover decreases. We will ensure that the employees we find for you are good matches for the company so they will stay longer, reducing your training and onboarding costs over time.

In this market, you can't afford NOT to hire Assemblage! We can Assemble your team in a snap.
