**ELENOIR**

DJ PRODUCER

[BOOKING@ELENOIROFFICIAL.COM](mailto:BOOKING@ELENOIROFFICIAL.COM)

ELENOIR, a female Ukrainian DJ and producer, has established herself in top clubs across Dubai and the Middle East. Formerly involved in Ukraine's show business, she redirected her focus to DJing in 2008 where she gained prominence in Italy's dance scene and was nominated as one of the Top 10 DJanes in Italy by DJane magazine.

Her career has seen collaborations with prestigious clubs and festivals like Global Gathering and Kazantip, drawing influence from the Ukrainian underground scene, while her contributions to the music industry have earned her critical acclaim and nominations.

In 2019, her debut production "Maracana" quickly climbed the charts. Following this success, tracks like "Thinking", "The light is Comin'" and "Muvete" resonated across venues globally, from Ibiza to Dubai. Her recent singles, "Set Me Free" and "The Master Of War," were dedicated to supporting Ukraine. "282" even made it to the Top 10 Tech House tracks on Beatport, while her latest release, "All Night Long," reached the Top 4 on Traxsource.

ELENOIR holds the distinction of being one of the pioneering female techno DJs, reshaping the perception of techno music culture in Dubai. She has shared stages with prominent acts such as Element, NTO, Roy Rosenfeld, Stereo Express, Nusha, Mark Dekoda, Ten Walls, Stephan Jolk, Einmusik, Furcoat, and others. Noteworthy performances include events like Boat Pacha 67, Oblivion Festival and Cipher Project, a new techno night in Dubai.

Right now her bookings have seen her play sets in the UAE, Qatar, Kuwait, Saudi Arabia, Bahrain, India, and across Europe including a summer performance in Ibiza in collaboration with Witty Tunes Records.

Radio-wise, ELENOIR hosts one of Dubai's earliest techno podcasts "Techno Jockeys," and her mixes have aired on Ibiza Global Radio, Data Transmission Radio, and various popular Italian radio stations.

Continuing to work on new projects, ELENOIR remains committed to sharing her distinctive sound with her expanding global fan base.
