For May 2021

Emergency Response:

For the month of May, there were a total of **36** fire calls. Average response time for the month was **9** minutes and **00** seconds. This is a door-to-door time.

For the month of May, there were total of **33 911** EMS calls with **15** Transports and **18** non-transports. Of the transports, there were **15** ALS and **0** BLS calls.

In addition, there were **45** facility transfers completed.

For the month of May there were a total of **89** EMS runs.

ALS- Advanced Life Support

BLS- Basic Life Support

Emergency Vehicles:

B-21(91)- Apparatus is being checked daily without any major issues to report.

5-TON/B92: No Change in status since January.

2 ½ Ton/B 21(93): Apparatus is being checked daily without any major issues to report. Apparatus will be coming up for new tires and some suspension repairs.

E-22(90): No change in status since January. Apparatus still needs to be scheduled for annual PM.

E-21(91): Apparatus is currently out of service and at Billy Bob's repair shop. Siddons has agreed to allow us to postpone repair until we are closer to taking receipt of the new engine.

Loaner Engine: Due to the situation with E21, Siddons Martin was kind enough to provide the department with a loaner engine, free of charge. It is our responsibility to maintain the engine while it is in service. Siddons is allowing us to keep the loaner engine in service until we take delivery of a replacement engine for E21. Engine is in good working order.

T-21(90): Apparatus is being checked daily without any major issues to report. Radio antenna will be replaced in house do to transmission issues.

M-23(90): Unit is being checked daily without any major issues to report.

M-22(91): The medic unit is being checked daily without any major issues to report.

M-21 (New Medic Unit): Unit is being checked daily without any issues to report.

Command: The unit is being checked daily. As our other aged equipment, our maintenance cost is becoming substantial. Just like any of our frontline equipment, it must be reliable.

Rescue 21 (90): Apparatus is being checked daily without any major issues to report. The toolboxes have been completed and mounted to the bed of the apparatus.

MISC:

All front-line apparatus including base station radios have been updated.

Wilson County is integrating a new CAD system. We are expecting to go live on June 22nd. We have added computer mounts to the appropriate apparatus, and computers are ready to go.

We have requested a Emergicon Rep to attend our board meeting either in person or Via Zoom to address any questions the ESD may have.

We have requested our field representative with Siddons Martin to attend our board meeting either in person or via Zoom to address any questions the ESD may have regarding the new engine order.

In June, District 2 staff will be participating in a TEEEX vehicle extrication course. In addition, District 2 staff will also be joining multiple emergency response agencies for Tactical Medic, Rescue Task Force Training. This is focused on active shooter situations.

Personnel:

We are still working to increase our number of local volunteers.

Administration:

Training:

EMS

Crews reviewed and trained on the following:

- Stat Pack Familiarization
- ALS & BLS Pharmacology
- BLS & Advanced Airway

- Medical & Trauma Assessments

Fire

Crews reviewed and trained on the following:

- Emergency Vehicle Operations
- Water supply operations
- Ventilation Tactics
- Foam Operations

Station:

Any public walk ups to the department are being redirected to the front doors instead on leaving the apparatus bays open. This is to ensure health safety for both the public and the personnel.

Grants/Donations:

The grant truck from the Forestry Service that will serve as our new heavy brush truck is nearing completion. Fabrication, paint, and re assembly. Have been completed. Our next steps are to mount the pump, tank, and run plumbing.

The grant funds for the edraulic rescue tools have now been received.

Top Mart made a \$1,000 donation.

Cuevas Pinatas has an ongoing fundraiser for the district.

Public Relations:

The department is beginning to sit back down internally as well as with local business owners to discuss and plan how we can safely begin to be more involved in the community with public relation events.

Fire: Our biggest obstacle remains to be the age and condition of apparatus and equipment, leaving more equipment out of service than in service. We have begun spec'ing out replacement equipment & apparatus for the upcoming budget workshops.

EMS:

The Standard Medical Operating Protocols are currently under annual review by Doctor Ogden and Chief Marconi. All protocols are being converted to flow chart format. The project is approximately 90% complete.

Misc.: A major focus point of the department has been to create a strong professional working relationship with surrounding departments.
