Emergency Vehicles:

B-22:

This unit is currently in service at Station 2 and fully operational. Repairs have been made to it as discussed in the last board meeting.

Medic 22: Currently out of service. It is being evaluated currently by a VFIS claims adjuster, I opened a claim on this unit.

Tender 22: Currently this unit is in service with no issues.

Engine 22: It is currently at Siddons, having a wiring harness replaced due to faulty issues.

Medic 21: This unit is currently in service at Station 2. No new issues reported with this unit.

Brush 21: It is currently operational and at Station 2. Future repairs will be needed to the plumbing and the pump.

Rescue 22: Currently in service as command.

Engine 21: Is currently at Siddons having repairs made to the tank, there is heavy interest in the purchase of this unit by a Fire Dept. in which me and commissioner Burleson showed the unit to them.

Public Relations:

Our Christmas Toy Drive was a hug success and even with the rainy conditions it was a huge turn out.
