FLORESVILLE TX 78114**

Monthly Command Report

For January Emergency Response:

For the month of January, there were a total of **47** fire calls.

For the month of January, there were total of **35 911** EMS calls **24** transports and **11** non- transports. Of the transports, there were **16** ALS and **08** BLS calls.

In addition, there were **25** facility transfers completed.

For the month of January there were a total of **60** EMS runs.

ALS- Advanced Life Support

BLS- Basic Life Support

Average response time for the month was **06** minutes and **31** seconds. This is a door-to-door time.

Emergency Vehicles:

B-22: Apparatus is being checked daily and is in service.

B-21B (New Heavy): Apparatus is being checked daily without major issues to report.

2 ½ Ton 22 B: Apparatus is being checked daily and is in Service.

E-22: No change in status. We are still working with third party re sale vendors to secure a buyer. We have recently had re sale companies inquiring on the apparatus.

E-21: Apparatus is being checked daily without any major issues to report.

Loaner Engine: Apparatus is being checked daily without any major issues to report. We are responsible for any repairs while it is in our possession. Siddons is allowing us to keep the unit in our possession until the tank repairs on T22 are complete.

T-22: Apparatus is being checked daily and is in service.

M-22: The inverter repairs have been completed by Siddons. The unit is being checked daily and is in service without any major issues to report.

M-23: The stretcher mount swap has been completed and the unit is in service.

Please note that M22&M23 are now almost 12 years old. These units are regularly out for service to address failed parts/systems that have all been requiring replacements due to age.

M-21 (New Medic Unit): Unit is being checked daily without any major issues to report.

Rescue 22: Apparatus is being checked daily and is in service. This unit is still being utilized as a temporary Command.

MISC:

Crews have begun working with commercial properties in the district to update our pre plans as part of our gear up for a new ISO survey to be conducted in the Spring of 2023.

Personnel:

Chief Officers have continued to work shift vacancies in effort to keep overtime costs down.

Administration:

TCDRS has anticipated to have the cost analysis completed during February.

Training:

EMS

Crews reviewed and trained on the following:

- Rapid Trauma Assessment
- Anaphylaxis
- Pit crew CPR
- Bloodborne Pathogens
- RSI
- Annual sexual harassment

Fire

Crews reviewed and trained on the following:

- First arriving unit establishing command
- Scene size up
- Extrication
- Fire Instructor I Course
- Hydrant care & Maintenance
- Pre-Incident plans

Station:

Any public walk ups to the department are being redirected to the front doors instead on leaving the apparatus bays open. This is to ensure health safety for both the public and the personnel.

Grants/Donations:

The Command Staff is currently working on several grants. Firehouse Grants is assisting us with obtaining funding for new SCBA's.

Public Relations:

We are currently working with several entities to plan PR events for spring & summer.

Fleet Summary: Our biggest obstacle remains to be the age and condition of apparatus and equipment, leaving more equipment out of service than in service. This has continued to cause a decrease in the quality of relationships with surrounding departments as well as confidence in the equipment from the staff.

Misc.: Coyote Fire Training will be coming to conduct a 2-day engine ops class in the month of February.
