- For the month of March, there were a total of **56 EMS** calls, which **32** were transported.

Average response time for March, 7 Minutes, and 55 seconds (Per ITE Average est.)

Emergency Vehicles:

B-22:

This unit is currently in service at Station 2 and fully operational, no issues noted.

Medic 22: Currently out of service. This unit has been fully repaired and will need an inventory done next week on medical supplies. This unit should be in service within a few weeks.

Tender 22: Currently this unit is in service with no issues.

Engine 22: It is currently at Station 1 and out of service due to needing pump gauges replaced, Siddons has ordered the parts and a Tech will replace it once delivered.

Medic 21: This unit is currently out of service and at an automotive shop having diagnostics being done to figure out the issues we've been having with it.

Brush 21: Is currently having a PM completed with no major issues noted thus far.

Rescue 22: Currently in service as command.

Engine 21: Is currently at Siddons having repairs made to the tank, there is heavy interest in the purchase of this unit by a Fire Dept.
