

Crossroads Recovery Center - Impact Update

Since October 24, 2024

We are honored to share the healing work we've been able to do together with our community:

- ✦ 25 people supported in entering rehab.
- ✦ 16 people placed in sober living homes.
- ✦ 14 people assisted through our rental assistance program, including support for 10 children.
- ✦ 6 Welcome Home Ceremonies held for community members returning from treatment, jail, or prison.
- ✦ 28 visits to the Emergency Department to meet individuals in need of immediate support.
- ✦ 21 crisis responses provided in the community.

We are proud to stand with our recovery community and deeply grateful for the trust placed in us. Healing happens when we walk this journey together. ❤️
