Welcome

Dear Traveller,

Imagine arriving on an island where there are no crowds, no loud bars, no traffic – just two beaches, 40 acres of untouched nature, and the space to finally breathe and relax. That's *Twinbeach Sanctuary*.

Whether you're here to unplug, explore, heal, make memories with your kids, or simply sit by the sea without anyone bothering you – this is your place.

There's enough room here to feel like you've got the island to yourself – because most of the time, you do.

We're not a resort. We're a family-run sanctuary who care for land and marine animals, such as dugongs, as well as restore coral reefs and conserve mangroves. When you stay with us, you're not just a guest – you become part of our story. Not only do you share our joy for Mother Nature, but you're friends of *Twinbeach Sanctuary*.

Families, solo travellers, couples, creatives, corporate escapees – everyone is welcome here. Fill your days with kayaking, archery, coconut painting, yoga, or conservation work – or simply let time slow down as you sway between the hammock and the shoreline.

See you by the sea,
The Twinbeach Sanctuary Team

Twinbeach Sanctuary

ABOUT TWINBEACH SANCTUARY

Twinbeach Sanctuary on Pulau Sibu is a place to reconnect, explore, and make memories. Guests stay in charming beachfront chalets, where you can watch the sun rise over Sunrise Beach and, later, stroll to Sunset Beach on the pier jetty to see the sky light up with color. The island is your playground – shaded trails, open spaces, and wildlife encounters make every step an adventure.

Whether wandering the trails, snorkelling, or simply relaxing on your private beach, Twinbeach Sanctuary invites families, couples, friends and solo travellers to slow down, connect, and discover the magic of the island together.

ONE ISLAND, TWO BEACHES

Sunrise and Sunset

Twinbeach Sanctuary is the only place on Pulau Sibu and one of the only places in the world where you can **watch the sun rise over one shoreline and set over the opposite** – just a stroll apart. It's incredibly rare to find **both sunrise and sunset views from two opposite natural beaches on the same island**, so close together.

Twinbeach Sanctuary is unusually distinct because the two beaches are naturally separated yet easily walkable – creating two very different atmospheres within minutes.

ACCOMMODATION

**ROOMS INCLUDE 24 HRS SOLAR FAN, LIGHTS & WALL SOCKETS FOR PHONE CHARGING.
AIR-CON AVAILABLE (7PM-7AM) UPON REQUEST AT ADDITIONAL FEE**

ACTIVITIES GUIDE

at Twinbeach Sanctuary

OCEAN & WATER ADVENTURES

1

TRANSPARENT KAYAKING

Glide across crystal-clear waters in our transparent kayaks — guided by our team, you can safely peek through the bottom and spot fish, corals, and seashells without even getting wet! Families go at their own pace – a safe and magical way to explore the sea.

2

INFLATABLE WATER PLAYGROUND

Make a splash at our inflatable water playground! Zoom down the slide, bounce on the trampoline, or gather at the floating table for a snack while bobbing on the water. Perfect for families and group to play, laugh, and create unforgettable island memories together.

3

STAND-UP PADDLE BOARDING

Whether you're standing tall or taking a slow seated cruise, SUP lets you explore the coastline at your own pace. Glide across calm water, follow curious fish beneath you, or simply lie down and float while the sun warms your skin. It's freedom, balance and meditation — all in one ride.

4

SNORKELLING

Our reef begins right at our shore – no boats, no rush, no crowds. Carefully rehabilitated by our team and volunteers, our house reef is slowly returning to life, home again to vibrant coral, fish, and countless marine creatures. Explore gently, knowing you're witnessing a reef in recovery — a living testament to what care can restore.

NATURE & OUTDOOR EXPLORATION

1

HIKING ADVENTURES

Wander through lush rainforest, follow coastal ridges, and peek into wildlife habitats as you climb to scenic viewpoints. Whether you choose a gentle nature walk or a more challenging trek, every step is rewarded with fresh air, breathtaking panoramas and the thrill of discovery.

2

TENTSILE FLOATING TENTS

Sleep suspended between trees in Malaysia's first floating tent experience. Imagine drifting off to the sound of waves and waking to birdsong and sunrise light filtering through the canopy. This low-impact, high-magic stay connects you deeply with nature — without leaving a trace.

3

ANIMAL ENCOUNTERS

At Twinbeach Sanctuary, you are surrounded by animals big and small - from gentle cows and playful lambs to curious wild boars, birds, cats, and more. Rather than just seeing animals from afar, observe their natural behaviours up close, listen to their sounds, and notice how each creature fits into the ecosystem.

4

STARGAZING

With almost zero light pollution, our night skies are breathtaking. After sunset, stretch out on the beach or grab your camera and look up — the Milky Way, constellations and shooting stars reveal themselves in dazzling clarity. Want to know what you're looking at? Download the Stellarium app and turn the sky into your personal planetarium.

HANDS-ON FUN & PLAY

1

ARCHERY

Test your aim by the sea! Whether you're a first-timer or a secret sharpshooter, our beachfront archery range offers a fun and relaxed way to challenge yourself. Learn the basics and enjoy that satisfying thwack as the arrow hits its mark — all with the ocean as your backdrop.

2

COCONUT PAINTING

Each guest is welcomed with a fresh coconut to drink — island style. Once the coconuts are empty, you are invited to paint their coconuts using bright colours, brushes, and sponges. A shared memory and your very first island creation.

3

OUTDOOR OVEN PIZZA MAKING

There's nothing quite like making your own pizza under the open sky. Roll the dough, sprinkle the toppings, and let the fire do the rest. Our outdoor clay oven brings everyone together for laughter, teamwork and the unbeatable smell of fresh pizza cooked under the trees.

4

EV AND CYCLING

Choose your pace: pedal freely along coastal paths on our bicycles or cruise effortlessly in an electric buggy. Whether you're seeking a breezy workout or a laid-back ride, both options take you through village lanes, lush greenery, and oceanfront routes without harming the environment.

SIGNATURE CONSERVATION EXPERIENCES

1

DUGONGS & SEAGRASS

We are one of the few places in Malaysia where you might spot a dugong – early mornings and calm waters offer the best chance to see them surfacing while grazing in the seagrass beds. Our team supports ongoing research and protection of these sea mammals and their precious seagrass beds.

2

TURTLE SANCTUARY & HATCHERY

Our beaches aren't just beautiful – they're nurseries for sea turtles. At our Turtle Sanctuary, eggs are safely relocated and protected from predators and poaching. If your visit coincides with a hatching, you may witness baby turtles make their first dash toward the ocean – a memory that stays for life.

3

MANGROVE FORESTS

Mangroves are nature's superheroes. As stewards of Pulau Sibu's mangroves under the National Marine Park's trust, we lead planting, monitoring and educational walks through these vital ecosystems. Guests are welcome to get their hands muddy and plant a seedling of their own!

4

BEACH CLEAN UPS

Learn how everyday waste travels from land to sea and harms turtles and dugongs – then join our casual beach clean-up walks – they're more fun than they sound! Every piece collected directly supports our Turtle Sanctuary and Dugong & Seagrass protection efforts.

ISLAND LIFESTYLE & SLOW LIVING

1

KAMPUNG NATURE WALK

A gentle trail winds beneath palms and coastal forest, with the sea glimmering beside you. Wander into the village and feel the rhythm of island life – children at the school and field, neighbours by the pier, laughter at the playground. Grab a cold drink or snack from the local shop before heading back.

2

YOGA & MEDITATION

From sunrise stretches to moonlit meditations, our peaceful surroundings make it easy to reconnect with your mind and body. All levels welcome. Sessions are guided by Mezwyn – certified yoga instructor, author, cancer survivor, single mother, and the visionary behind Twinbeach Sanctuary.

3

SUNRISE & SUNSET

Start your day with the sunrise right in front of your chalet – a peaceful moment for a walk or warm drink as the island wakes. In the evening, head to Sunset Beach by the jetty, where the sky glows in shades of orange and purple – the perfect spot to unwind and capture the day's last golden light.

4

FREE & EASY TIME

At Twinbeach Sanctuary, we know some of the best memories happen when you can slow down and explore at your own pace. Relax, play, wander, or simply watch the waves together. This is your chance to connect and make memories – letting curiosity and nature lead the way.
