Smith's Fort Plantation – Virginia

By [GAS GUY](#), Garden City, Michigan

[Ed: This [article](#) was originally posted by GasGuy on the [AdvRider discussion forum](#) under '[Ride Reports - Day Trippin](#)' on 1/26/2017. It has been slightly abbreviated and edited for publication. All photos by the author unless stated otherwise. Click on images for larger photos. Visit author's [website](#) for further articles and photos.]

This single post highlights an interesting point-of-interest while exploring the coastal Virginia area; a brief history lesson also - after all, this region is where it all started for our young country.

The story-and-a-half brick manor house that stands at the head of the trail was built sometime between 1751 and 1765.

It was laid in Flemish bond brickwork and was home to Jacob Faulcon and his family.

A gabled roof is accented with dormer windows.

Its architectural significance lies in the interior where much of the original woodwork still exists. This is the second time I have stopped by [Smith's Fort Plantation](#) and unfortunately they were closed both times, so I have not had the opportunity to check out the interior.

There is a lot of history in this area. Captain John Smith's old stomping grounds!

Time to ride back to the old fort site. The sign is a bit of an exaggeration; just so happens, I'm on the right bike anyway.

Earthworks: The two-foot high earthworks are considered the oldest English structure in Virginia and are all that remains of the fort.

Not a whole lot left. The site is really nice and secluded though - with a nice overlook.

John Smith earned the title "Captain" serving with the Hapsburg cavalry along the contested border between the Austrian and Turkish empires. Given his experience, Smith no doubt recognized that Jamestown was vulnerable to attack, particularly after exploring the surrounding terrain while trading with the Natives.

In 1609, during his tenure as president of the colony, Smith built a defensive position here. From this bluff above [Gray's Creek](#), the colonists could defend themselves from redoubts against the [Algonquian Natives](#) and the Spanish [galleons](#) some feared might come to drive them from the New World.

According to Smith's [Generall Historie](#), he never completed the fort because he was called back to [Jamestown](#) when rats infested the corn supply.

Upon [John Rolfe's](#) marriage to [Pocahontas](#) in 1614, this tract of land was given to the couple by [Powhatan](#).

The Overlook: The bluff at Smith's Fort overlooks Gray's Creek, which provided a perfect view of visitors - invited or not.

For a moment, my mind drifted off - way back in time - before this land was tamed ... and I imagined hostiles approaching in canoes and

Time to get down the road - so many places, so little time.

The end.

SAFETY TALK

IMPORTANT NOTICE: *Ultimately, the safety of motorcycle riders and their passengers is their own responsibility. Nothing presented in the column supersedes, negates or relieves a motorcyclist and/or passenger from assumption of personal responsibility for their actions and safety.*

Track Day is Here!

The MSTA/COG sport touring track day is coming up soon. On Friday, Feb 24th, we will have approximately 50 riders at [Jennings GP Raceway](#) in north Florida. Riders will be spending the day under the tutelage of [Ken Condon](#), one of our industry's most recognized professionals.

The question is: Will you be there? If you are already registered, bravo! If not, why not?

First, the track day is only \$150, plus a \$10 gate entry fee. For that you get an entire day on the track and in the classroom, working with one of our profession's best and most knowledgeable instructors. Ken's time is highly sought out, so we are excited that he is spending some of it with us!

If you have never been on a track, now is the time to experience it, in a relaxed, fun for-mat. "Run what you brung" is the name of the day. The only rule is no sport bikes for registered riders (You may see one or two of the instructors, under Ken's guidance, on them, but that's what they use on the track for training).

JenningsGP is one of the best courses in the country for a new or first time track experience. It is designed as a motorcycle-only, safe course, with training in mind. It is out in the country, set in the woods and very private.

Ken and his instructors will be working with groups and individuals on riding techniques designed to enhance your street skills. This is not race day or competition. This is about exploring your current riding level and working to expand it.

On the other hand, if you are comfortable with your techniques and want to experience some faster fun, in a legal venue, this is your chance. Stay safe, follow the track rules and you can have a blast, all day!

Ken and his instructors will be there to help you setup your bike for track first thing in the morning. They will familiarize you with the track and rules for safe track riding. There will be groups working together on specific skills, and classroom time to really dive into the mechanics and physics behind the motorcycle dynamics. Riding is fun. Understanding why the motorcycle performs under various situations is even more fun, and adds both to your enjoyment and safety.

Additionally, you can arrive the afternoon before and camp for free. Power and inside, warm bathrooms and showers are available. Nearby hotels are close (15 minutes), if you prefer a less rustic approach. There will be a hot lunch provided at the track, during the lunch break. Drinks and snacks are available all day.

South Director's Report

IS THERE ANY DOUBT ABOUT WHY FLORIDA HAS BEEN A TOP 3 STATE FOR POPULATION GROWTH FOR THE LAST 10 YEARS.... WELCOME TO THE SUNSHINE STATE!!

Ok, the Jan. 7th Central Lunch ride was a little chilly, but the sun did shine!! And one member did enjoy the uncrowded conditions at the Umatilla Inn and Restaurant that day... But, by popular demand, we rescheduled the ride for the following weekend, (deja vu, all over again...) and this time, lots of riders made their way to a most enjoyable lunch event!!

Van VanSteelant

The Southie ride on Jan. 21st was enjoyed by 28 members and friends, under beautiful skies and perfect temps!! The Eastsiders rode the **long** way up and back to a new-to-us location, the [12A Buoy](#), in Ft. Pierce! We had

prepared the restaurant crew for 10-15... 8 early arrivers from Okeechobee had warmed them up; we pulled in with 10 bikes; and by the time we had all gathered, 28 hungry riders made our presence known at one end of their outdoor dining area!! Kudos to the staff, as they made us feel most welcome and did a terrific job serving all of our needs!! As the weather couldn't have been any better, hardly anybody noticed how the time flew by!! Most of the attendees chose a long route home as well. A few of us stopped by the Indian Dealership in Stuart to catch the very end of their bike and car show. Quite the showroom, with some truly beautiful rides!!

Just a few of the bikes at 12 Buoy

Photo: Don Moe

And a big THANKS to our large crowd who pushed our 50/50 raffle to \$66! Another bigger THANKS to Jim Park, who donated his winnings back to the Club!! That brings us to \$1,008.50!!

One last note about our ride: We had a terrific surprise waiting for us at the Eastsider's launch site... Kevin and Deborah Healey made this lunch ride their maiden voyage on less than 4 wheels since their accident several years ago!! They rented a Spyder 3-wheeler for the weekend. Kevin relished the ride, though 3 wheels never behave as 2. But, to be in tandem with Deb behind, was a spectacle that many of us only dreamt would become a reality! This was a huge step for both of them. My words can't come close to describing the emotions most of us felt that morning...

What's Next??

As I promoted last month, we have our RTE dates set for the whole of 2017!! Realize that nothing is set in stone, and we have already moved an April date to accommodate the popular North Georgia Classic. So, be sure to check our RIDES calendar often to insure you never miss one of our events!!

For February, we start with the Central Lunch Ride on Feb. 11th! Join Teresa and the Central Gang at [Lake Harris Hideaway](#) in Tavares. The following week, Feb. 18th, the South Lunch Ride takes us to an old favorite. The [Nav-A-Gator Bar & Grill](#) in Arcadia has gone through some recent improvements, and the reviews indicate that a return visit is in order!! I'll be looking for a ride leader for this lunch, as I will be returning from a visit to my sister in Idaho that weekend.

We close out the shortest month with a terrific day of fun and learning in Jennings, FL!! The Street Bike/Sport Touring Track Day for the MSTA & COG will run all day on Friday, Feb. 24th!! The promo flyer can be found in the Doug Westly's [safety column](#) on page 3! And, you can find all this info and more on our award-winning State website: www.flmsta.org

It's not too early to be looking at March as well!! We have **three** lunch rides and a 3-day weekend Just For Fun Event on the books!! Look ahead, and make your plans and reservations NOW!!

Membership News

I'll say this one more time... My heartfelt THANKS to Don Moe for his efforts EVERY month to bring our Florida membership up to date with all the news about our new and renewing members!! Don is part of a multi-member team nationwide who have stepped up to wrestle the membership rolls into a lean, mean, manageable process!! Believe me, they took on a hydra-headed monster and seem to have tamed the beast down to a human-friendly Pitbull!!

Here's what we know today...

In January, we had one new member join the MSTA: Alan Miller in Bradenton. Looks like we need to spread around a new batch of our Invitation To Ride quad-folds!!

We thank the following Florida members for recently renewing their memberships:

Frederick Blackall Jim Cavanagh Roger Spice

These Florida memberships will expire soon:

Chuck & Frances Headrick Ken & JoAnna Murray David & Leslie Noyes

We urge all our members to renew their memberships and continue supporting the MSTA.

Special Announcement!

We have just released the link for our Florida State Storefront!! Go to mstaflorida.qbstores.com. We have made arrangements with the supplier for our National Gearbox to allow our State membership to buy shirts, hats, etc. with our State logos directly from the source!!! No muss, no fuss!! Order yours today!!

They offer both embroidery and digital print options. Click onto the Embroidered Apparel or Shop By Logo for each option. Don't hesitate to contact Queensboro directly with any and all questions. They are very customer friendly.

Random Ramblings!

Check out the info about the Just-For-Fun Weekend in Ocala, happening just before Bike Weeks!! I've heard that only 3-4 rooms have be reserved. That leaves lots of room for many more of you!! Act NOW to reserve your room, as the discounted rate expires on Feb. 24th!! The hotel has been well chosen for its location and quality, as well as its proximity to several dining options all within walking distance!! And the local riding in the area is a welcomed relief to what we have in South FL!!

YOU ARE PLANNING ON ATTENDING [STAR 2017 IN COLORADO](#) (PDF), RIGHT... The links for registration and the raffle bike are posted on the National site, in a recent email sent to all members nationwide, and right here!! Get 'r done!!!

Registration <http://www.planetreg.com/star2017>

2017 Honda Africa Twin <http://www.planetreg.com/mstaraffle2017>

There are several good reasons why the MSTA have held rallies in Colorado repeatedly over the decades... #1-Amazing riding!! If you've never ridden west of the Mississippi River, you are in for a stunning experience!! Join us for the fun!!

Ride well! Ride often! Do it safely!!

Steve Evans, a member in Lake City, attended the lunch ride to Umatilla on January 7th and submitted this report by email on Sunday, January 8th.

Good morning fellow riders. I hope this Sunday morning finds you warm & comfy as up here in Lake City Florida, it is a warm 29 degrees & still going south & should hit at least 26 by sunrise.

Just wanted to thank everyone for the wonderful time I had at the central lunch ride yesterday in Umatilla at the Umatilla Restaurant & Inn. It was a beautiful ride down there from Lake City as I took all back roads & ended up doing from driveway to parking lot a distance of 144 miles one way. When I started out at 10:00 AM it was 42 degrees here in Lake City & on the way back (different route but again on all curvy back country roads) it warmed all the way up to 50 degrees & as I neared home, getting back at 3:45 PM, it was back down to 44 degrees. Although it was overcast for most of my ride it was really beautiful riding weather & there was no traffic whatsoever to speak of. Probably by Florida standards too cold for people to be out in. The only rain I hit was a light sprinkle from Altoona to Umatilla which is a distance of a whopping 3 miles between cities.

You can see by the attached pictures that as I pulled into the parking lot of the restaurant parking spaces were at a premium, but I was able to find a tiny space out front for my bike. I remember being here before to meet, greet & eat with fellow MSTA riders so I eagerly went inside & found a place at the table. I was able to get the waitress to take a picture of our group at the table they had set up for us. If you're wondering which one I am, that's me 2nd in from the right sitting across from an empty chair.

The food & service were good & the tales of riding were, as always, fun to listen to.

I hope you enjoyed my report & also the pictures attached & a Happy New year to all.

ATGATT - Steve Evans - Lake City Florida

PS - The report was all for fun. When I got to the restaurant, they advised me that the luncheon was cancelled on Friday. Problem was no one advised me. However, not to worry as I'm glad I wasn't notified because if I had been I would have stayed home, inside the house and been miserable. I am an outside person & that's where I like to spend my time. I've ridden in 3 snow storms & 18 degree weather so to me 42 to 50 degrees is beautiful riding weather & as the old saying goes - "it's not the destination - it's the ride". And that's what it was for me on Saturday. Actually as I walked in & spoke to the waitress, I had a good laugh about the whole thing & I was happy I went for the ride. I'm just one of these people that like to "bust chops" & so my report. :-) Please don't take it any other way than in a funny vein as I had a GREAT day.
