Dear Donating Party,

The A.T.O. is a 501(c)(3) non-profit organization founded to address the mental health illness and suicide epidemic among those between the ages of 13-25. We provide awareness and prevention resources to communities within the United States and around the world.

**WE IDENTIFY** regions with high suicide rates and inform communities of suicide trends.

**WE CONNECT** with community leaders, mental health organizations, and the local leaders to form networks.

**WE COORDINATE** and facilitate meetings, seminars, workshops, and conferences to educate, encourage, and implement preventive action plans while also raising awareness.

**WE NEED YOUR SUPPORT TODAY FOR OUR MISSION, “MOMENTS IN KENYA”!**

In the past decade, Kenya has experienced a 58% increase in suicide related incidents. To address this issue, The A.T.O. has partnered with Andre Butler of Rev3aled, to gather a team of 12 individuals to go to Kenya, Africa in October 2019. During our trip, we will provide suicide awareness meetings, prevention training, and music workshops and training in Nairobi and Kisumu, Kenya. Additionally, we plan to provide mobile water purification systems to impoverished communities in Nairobi. With your support and generous donation, we can make our vision a reality.

Currently, we have raised \$11,000 of the **\$20,000** needed for this trip. Will you help us in fulfilling this call?

Your donation in the amount of \$100-\$20,000 will provide aid in the form of water purification systems, as well as resources for the suicide awareness and prevention meetings and workshops, music workshops and training, and other needed aid in the Nairobi and Kisumu regions of Kenya.

With God's grace and your financial support, we will fulfill our purpose for **LIFE** from country-to-country and from sea-to-sea. Thank you for your support in this mission.

Sincerely,

Donald F. Walker, Jr.  
Founder of The A.T.O.
