

The Genic Group
ISO & Quality Product Solutions

IATF Readiness Guide

Prepared by The Genic Group — ISO & Quality Product Solutions. This resource is designed to support prevention-driven operational systems, quality improvement, and sustainable manufacturing performance.

Core Readiness Areas

- Customer-specific requirements identified
- Process approach implemented
- Risk-based thinking embedded
- Supplier management process effective

Operational Readiness

- PFMEA and Control Plans aligned
 - Internal audits completed
 - Management review effective
 - Contingency plans documented
-

Effective systems should improve operations — not simply satisfy auditors.
