

EYELASH EXTENSIONS FAQs

WHAT ARE EYELASH EXTENSIONS

LASH EXTENSIONS ARE SEMI-PERMANENT, SYNTHETIC, FAUX MINK OR SILK FIBERS THAT ARE APPLIED STRAND BY STRAND WITH SPECIALLY FORMULATED NON-IRRITATING GLUE TO YOUR OWN LASHES TO ENHANCE YOUR EYE SHAPE.

HOW LONG DO THEY USUALLY LAST?

A FULL SET OF LASHES WILL LAST AS LONG AS YOUR NATURAL LASH CYCLE, WHICH CAN RANGE FROM 4-6 WEEKS DEPENDING ON THE PERSON. BETWEEN 3 AND 4 WEEKS IS THE BEST TIME TO HAVE A FILL.

HOW LONG DOES IT TAKE TO APPLY THEM?

OUR LASHES MAY BE APPLIED IN 60-90 MINUTES FOR A FULL CLASSIC SET. WE RECOMMEND THAT YOU SET UP 30-45 MINUTES FOR A FILL. EVERY TIME YOU COME IN, WE PREFER TO REMOVE ANY GROWN-OUT LASHES, CLEAN THEM UP, AND MAKE YOUR LASHES SEEM BRAND NEW SINCE THIS WILL ENSURE THE LONGEVITY AND RETENTION OF YOUR EXTENSIONS

CAN I WEAR MAKEUP WITH MY LASHES?

SURE! ALTHOUGH WE DON'T RECOMMEND WEARING ANY WATERPROOF MASCARA THAT ISN'T EXTENSION SAFE OR OIL-BASED PRODUCTS BECAUSE THEY WILL IMPAIR THE LIFE OF YOUR LASH EXTENSIONS.

WILL LASH EXTENSIONS DAMAGE MY NATURAL LASHES?

NO! EYELASH EXTENSIONS WILL NOT HURT YOUR NATURAL LASHES IF THEY ARE DONE CORRECTLY, WITH APPROPRIATE ISOLATION AND WEIGHT.

OUR LASH ARTISTS ARE ALL TRAINED AND QUALIFIED, AND THE INTEGRITY OF YOUR NATURAL LASH IS PARAMOUNT TO THEM. THEY WILL ANALYZE YOUR NATURAL LASHES DURING YOUR INITIAL APPOINTMENT TO GUARANTEE YOU GET THE LASHES THAT WORK BEST FOR YOUR NATURAL LASHES, ENSURING YOU NEVER HAVE DAMAGE OR BREAKAGE!
