

"Skyway Loop" The Mile High Adventure

With scenic overlooks, mile high views and curvy roads all day long you can't beat the skyway loop. Leaving the resort you pass through the Nantahala and Cherokee national forests then follow the skyway into TN. This route is 114 miles so plan for 4-5 hrs of riding with limited fuel and food stops. Tellico Plains will be the next place to get either (about 60 miles from the resort). Pack a snack or lunch as their is plenty of scenic pull offs to rest at.
