1. A few days before the litter is 8 weeks of age, the Breeder will have litter structure, herding and temperament tested in addition to an eye exam (CERF). After testing, Breeder will offer Buyer a specific puppy or choice of puppies. If there is not an appropriate puppy in the litter, your deposit will be returned. Order of deposits may be a consideration of puppy placement, however other considerations, such as temperament, structure, drive, etc., will be given much higher priority. Partnership families will be given a higher priority.
2. The Buyer must exercise the option to purchase the puppy no later than the puppy's 8-week birthday. Balance of the purchase price to the Breeder is due when pups are 7 weeks; if full payment is not made at that time, the Breeder may sell the puppy to another party and the Breeder will return deposit. The Buyer must receive the puppy no later than the puppy's 9-week birthday, unless other arrangements are

made with the Breeder and verified in writing. Should the Buyer not purchase or receive the puppy in a timely fashion, the Breeder is released from all obligations to the Buyer.

3. The Buyer assumes all expenses of receiving the puppy, including transportation, shipping, crate and health certificate. Buyer must prepay airline shipping or other method of transport. The Buyer is welcome and encouraged to come to pick up the puppy! Other transport may be available through Wigglebutt.
4. No purchase shall be complete unless and until both the Buyer and the Breeder sign the Purchase Contract, a sample copy of which has been provided to the Buyer.
5. The Breeder reserves the right to decline to sell a puppy to the Buyer for any reason, in which case the deposit will be refunded in full unless the Buyer has made misrepresentations to the Breeder, in which case no refund shall be made. In addition, if the Buyer decides not to purchase a puppy from Wigglebutt for any reason, the deposit will be returned.
