Graduated Marimba Mallets Set

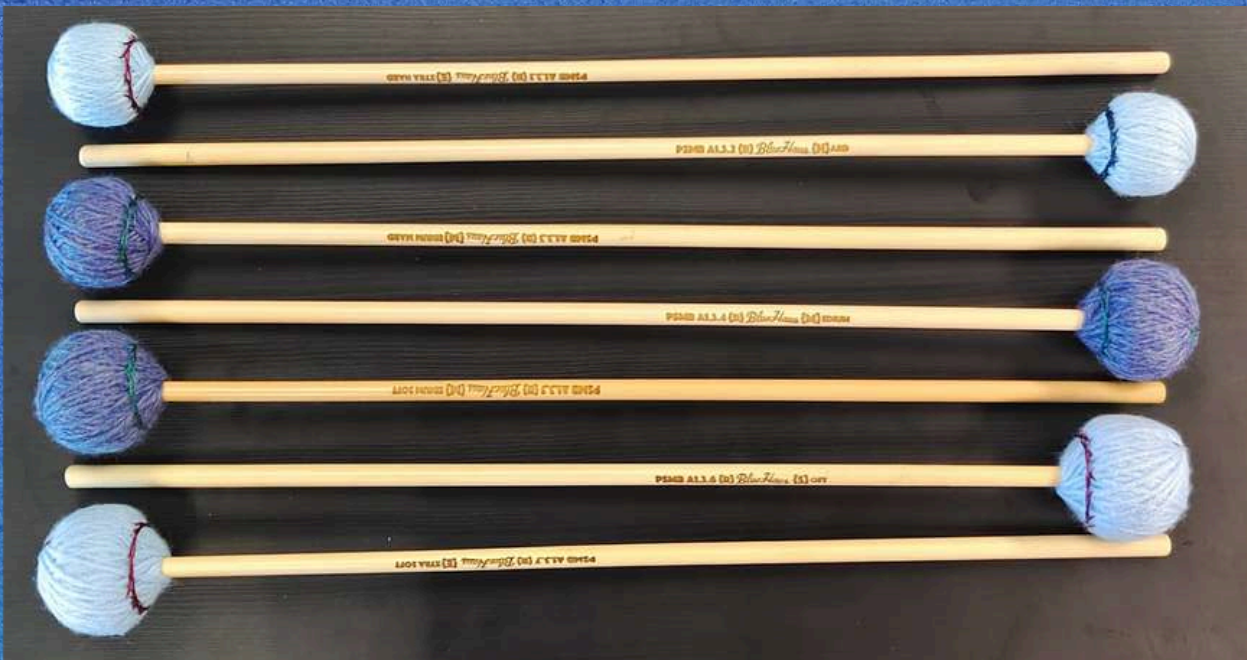

7 Series Graduated Marimba Mallets Set (7 Mallets)

Our meticulously crafted 7-piece graduated marimba mallets set offers a comprehensive range of mallets, gradually ranging from extra soft to extra hard, designed for optimal versatility and performance. Each mallet is carefully crafted by us and tested to ensure a seamless shift of hardness from each mallet.

These mallets are specifically designed to cater to the needs of marimba players, particularly for solo playing. The subtle range of graduations allows performers to have an optimal balance when playing melodies and accompaniments, along with the ability to utilize the whole range of a 5.0 octave marimba without compromising the sound quality. These mallets provide comfort and ease especially for playing solo marimba repertoire, along with the option to combine any variant of mallets in any hand position that will suite the need of the marimba player.

The mallets are carefully weighed in order to provide the best balance for each mallet, as well as maintaining a consistent shaft length for all mallets.

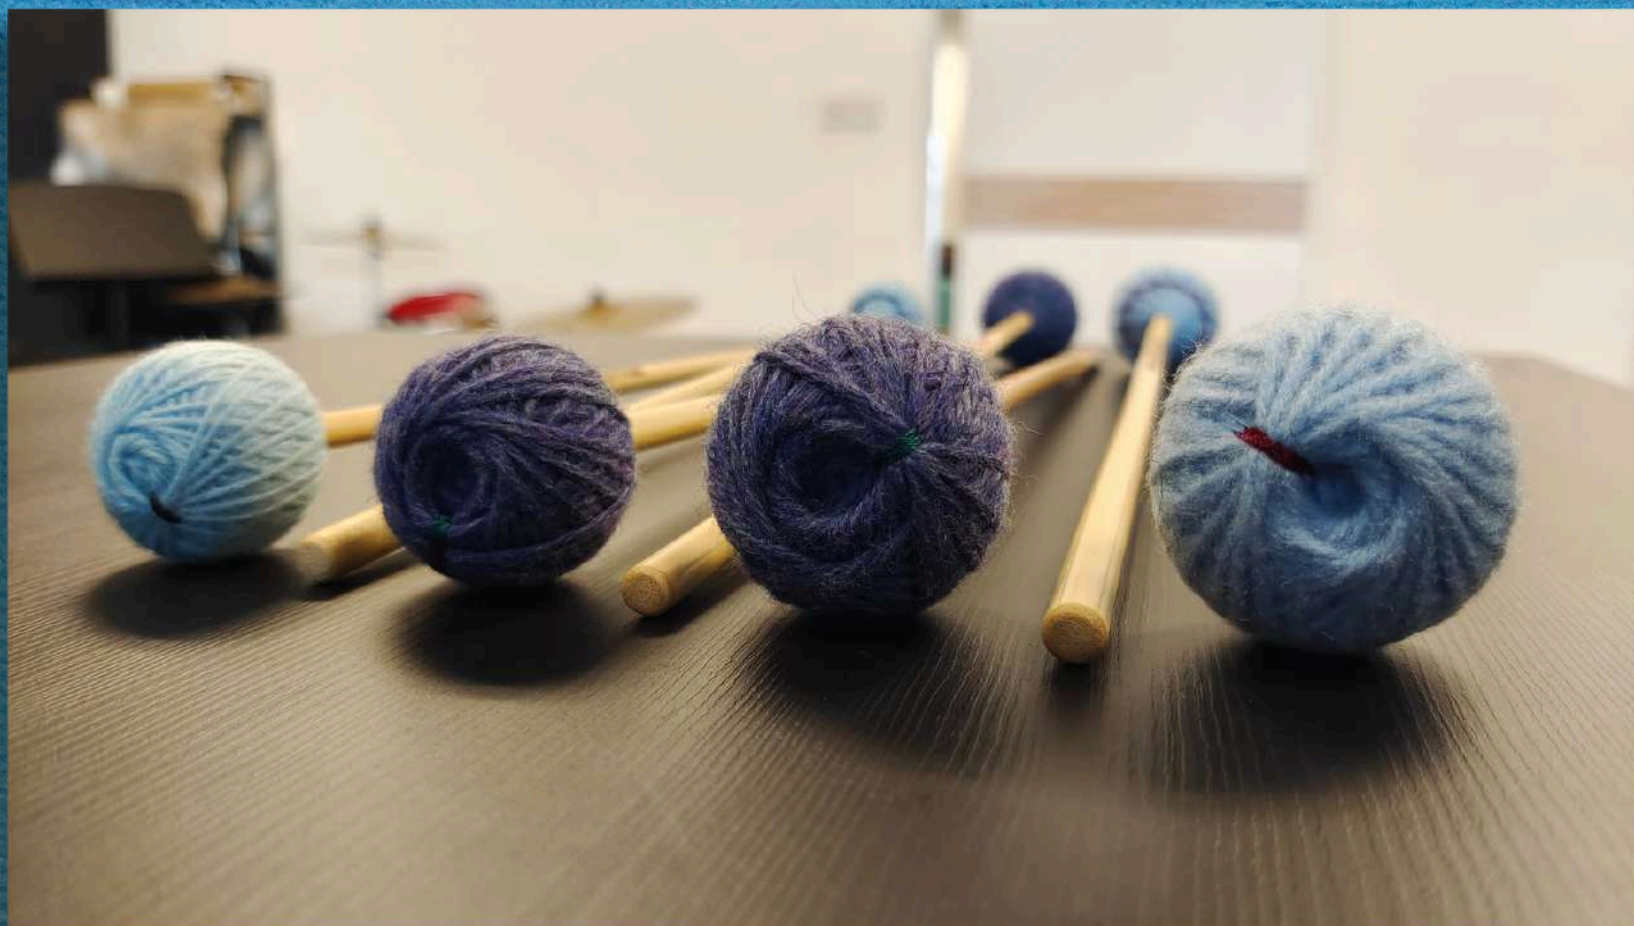

The mallets are meticulously wrapped with high quality acrylic and wool yarn.

The method of malletwrapping ensures for a long term usage as they are wrapped with quality yarn and secured with 100% nylon strings.

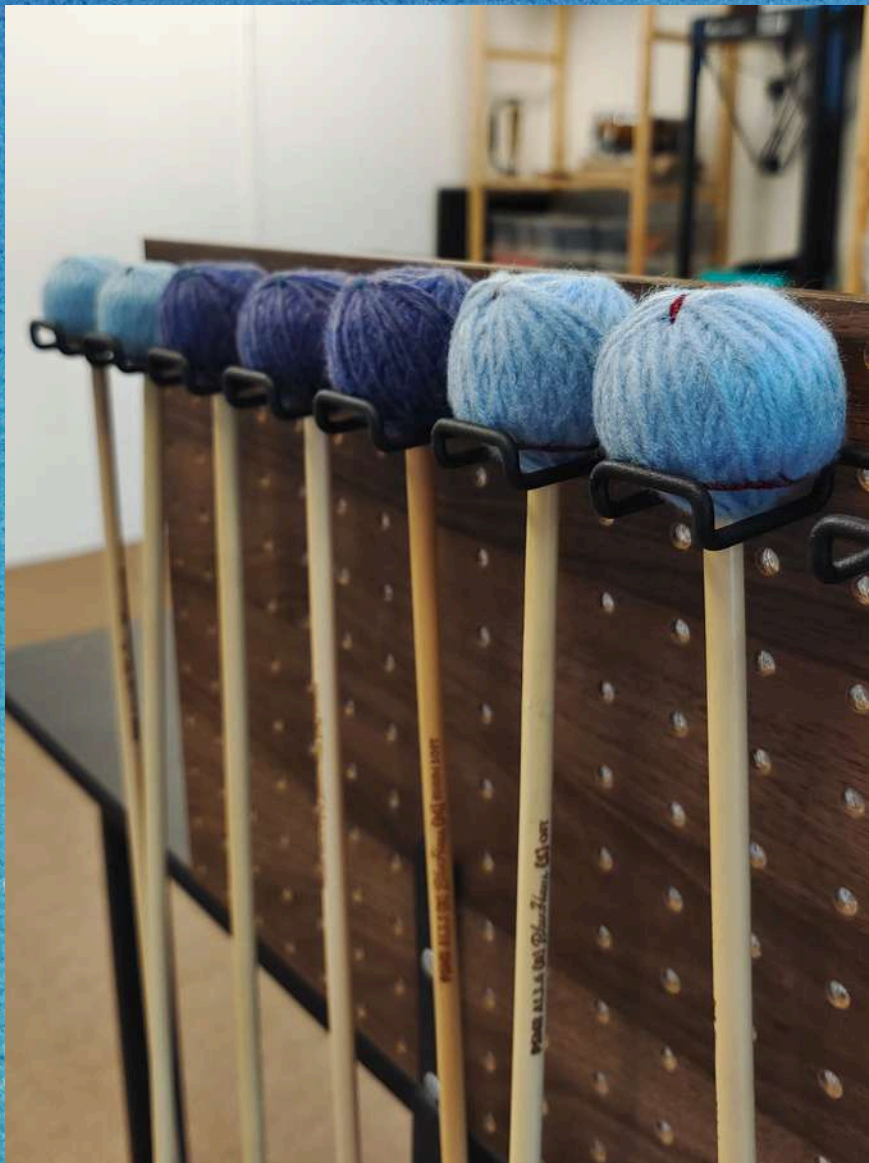

Mallets are available in both birch and rattan shafts, offering comfort and choice for marimba players.

Length and Weight of mallets:

1. Extra Soft - 40g
2. Soft - 40g
3. Medium Soft - 40g
