**RGB**

**Series**

PS Custom Marimba Mallets

The **RGB Series** is our exclusive line of marimba mallets, made with versatility in mind for a variety of musical settings. Whether in an ensemble or a solo performance, these mallets offer a suitable balance of articulation, allowing one's playing to either stand out or blend with an ensemble. Each of the three variants (**Soft**, **Medium**, **Hard**) is crafted to provide clarity for solo passages while still allowing for a softer, more blended tone ideal for "chorale" playing.

Their adaptability and light weight makes them suitable for both young players and seasoned musicians, ensuring a comfortable and dynamic playing experience for all levels. The **RGB Series** mallets allow musicians to navigate a wide range of styles and settings with ease, all while delivering a rich and expressive sound.

The **RGB Series** are available in both birch and rattan shafts, offering comfort and choice of one's preferred shaft material.

Length and Weight:

**Soft** – 41g, 16.5" (41.91 cm)

**Medium** – 39g, 16.5" (41.91 cm)

**Hard** – 35g, 16.5" (41.91 cm)

The series is made with quality yarn for the following variants:

**Soft** - 8 ply 100% Australian pure wool entwine

**Medium** - 8 ply 100% Australian pure wool

**Hard** - 8 ply 100% acrylic

Mallet Sound Characteristics:

**Soft** – articulate, round, flocculent, best on ranges C2 to C5

**Medium** – articulate, round, warm, best on ranges C3 - C6

**Hard** – articulate, bright, clear, best on ranges C4 - C7

RGB Series | Hard

RGB Series | Medium

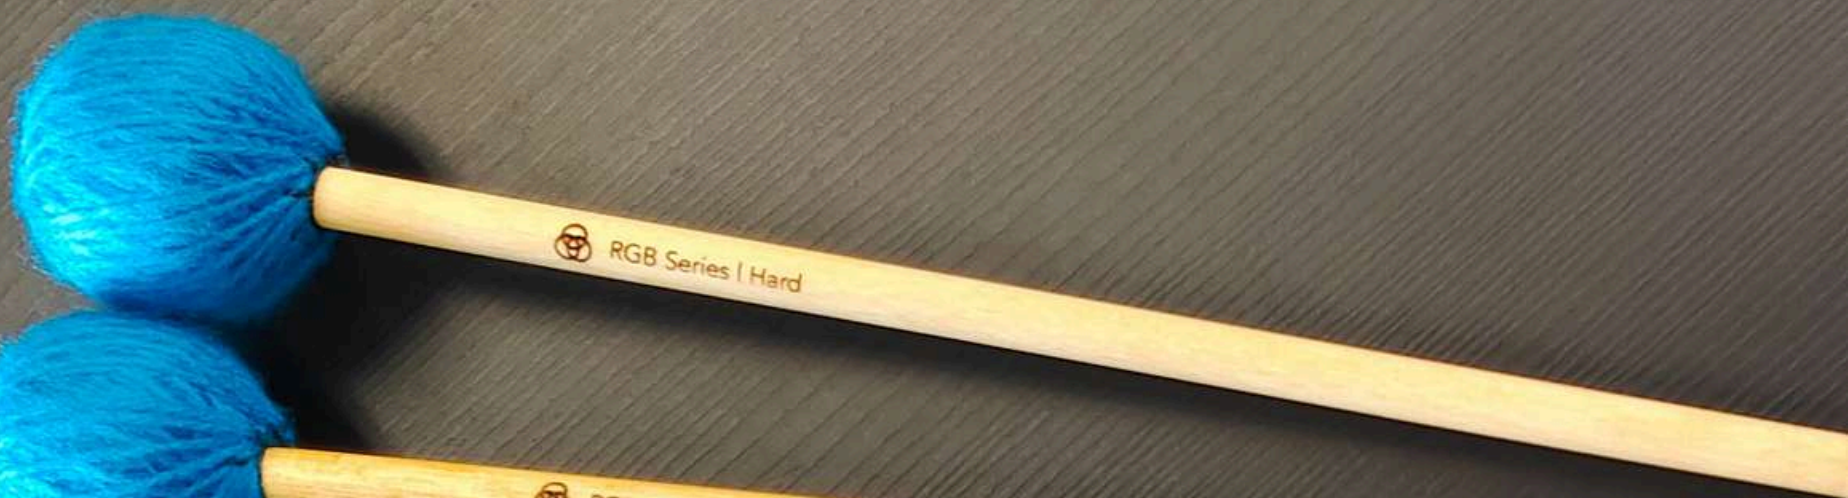

RGB Series | Soft
