## President's Page

HELLO 😊

We made it halfway thru the winter! January cruise in meeting at the Naples Train Depot was fun with a great turn out.

February should be even better because there will be several more members back in town. The idea for February is for all that can, to bring pictures from our younger years with or without cars. No explanation needed for any contents!!!

Events in Naples are still completely controlled by Covid rules.

SO, Paul is working on his new garage of some 6,000sq ft. Which is his new "man cave", located just one block east of our home. I have been assisting him building interior walls, and decorating with old signs and pictures, etc. and according to him being a pain!!

Now that all meetings are in the day light at a beautiful location I hope many more of our members-friends-and guests join us by driving their FABULOUS antique vehicles for all to enjoy. AND. Arrive in style

See you Saturday February 20, 2021 NOON

Also check our planned event for March.  
We still really, really, need another VP!!

Happy Motoring!

Paul and Yvonne Rhoads

---

### 2021 Dues Notice

**Our Membership Chairperson, Joyce French, continues to accept checks for the payment of dues for the calendar year 2021. Please send your check for \$20 (cheap at twice the price!) made payable to "Naples-Marco Region AACA." Send your check to Joyce at: 7452 West O Avenue, Kalamazoo, MI 49009. See the form on page 11.**

*As of 01/27, Joyce has received 95 renewals out of 129 members..... Editor*

## Editor's Note

Now that we've recovered from the holidays, many of us over 65 have no doubt been frustrated (or amused) with trying to procure a COVID vaccination. Unfortunately, the sign-up routine sometimes seems reminiscent of trying to be the 10<sup>th</sup> caller in an old time AM radio contest. Hopefully you've been luckier than most. More doses and reservation system improvements should help.

You probably saw in Yvonne's January note about meeting plans.... We'll be meeting on the 3<sup>rd</sup> Saturday each month from noon to 2pm at the Depot Museum parking lot in Naples, with the last scheduled date of May 15. Bring your cars, and note that snacks and water will be provided..

Looking at the Events page, notice that this month, we have the Cars on Fifth and Marco Island Kiwanis Car Shows, and a new 20th anniversary Collier Area Transit event...read more about it on page 6. If you were thinking about going to Amelia Island, it has been pushed back to May... talk to Peter Blackford about a mini-tour there. Also, start getting ready for Hank's Auction in March. You can read more about it, also on page 6.

Make sure you read the story by Frank Palulis (page 9) about his recently acquired (and restored) Austin Healey 3000. It's also pictured on this month's Running Board cover. Take a look at this car when you get a chance. You'll see "Victoria" is quite a car.

Thanks to all those that contributed this month. Send future articles, comments, pictures, ads, etc. to [ron.schlechtweg@gmail.com](mailto:ron.schlechtweg@gmail.com) Cut-off date for the Running Board is the last Thursday of each month. The 2021 dues payment form is on page 11.

Take Care,  
Ron

## Naples-Marco AACCA Auction is on !!!... March 20 at noon

Will be conducted by our superb, "well paid", Professional Auctioneer Hank Schwietering!!!!

Location -Mar. 20, Naples Train Depot parking lot.

We need your donations to this most worthy cause!!

- i.e.
- Car items
  - Priceless items (not your spouse)
  - Antiques
  - Unused gift certificates to stores and restaurants
  - Tools
  - Interesting lady's items (no diamonds please)
  - Old car books
  - Whole cars
  - No cats or dogs accepted

Let's make this a fun event !!

Contact Hank for advance pick-up or bring stuff to auction

Thx. Yvonne and Paul

"Sold to the gentleman with the hysterical wife"

## History

The March, 1997, issue of the Running Board has several articles about a very busy club. The new housing developments at that time often paid the club to provide cars to draw people in to see their new houses. The club provided 52 cars to the Windstar Annual Open House and the treasury received a nice amount, although they did not say how much they received. The club members also enjoyed touring the model homes.

They were also finalizing the plans for the depot show that was to be held on March 29 that year. The plans were being made to have a dinner the night before the show at Car Restore Square I, 4585 Progress Ave. They were to tour the garages at 6 and eat at 7. The dinner was to be catered by Rib City and the charge was \$16.50 per person. The only other comment was that the dinner would be on Good Friday and Rib City does not cater fish. It was stated that the following year the show would be held on March 14 and perhaps the dinner would be better received.

## Legislative

### VIRGINIA BILL INTRODUCED TO ALLOW TITLING OF NEWER IMPORTED COLLECTOR VEHICLES

- H.B. 1887 allows greater flexibility in titling newer imported foreign-market collector vehicles in the state of Virginia.
- H.B. 1887 would implement a rolling date of 25 years old or older for imported vehicles, bringing the state in line with current U.S. federal law that specifically exempt imported vehicles from such standards that are at least 25 years old.
- H.B. 1887 would allow the registration of vehicles coming in from other states that have already been proven safe on U.S. roads.
- H.B. 1887 recognizes the fact that imported collector vehicles are usually brought into this country by collectors and are overwhelmingly well-maintained and infrequently driven.
- H.B. 1887 acknowledges that newer foreign-market vehicles are becoming valued collectors' items among the automotive community.

**Overview:** SAN-supported legislation (H.B. 1887) has been introduced in Virginia to allow the DMV to issue a title for an imported foreign-market vehicle manufactured 25 or more years ago. The bill does not require such vehicles to comply with current U.S. federal safety requirements. Current law only allows for a negotiable title to be issued to such vehicles manufactured prior to 1968. The bill currently awaits consideration in the House Committee on Transportation.

Grant Simon, Legislative

## Victoria

This is a chronological history of our relationship with our 1966 Austin Healey 3000. It was November of 1965, before the holiday break. I was a senior studying electrical engineering at the University of Maryland in College Park, MD. There were Morgans, MGs, Triumphs, and even a V-8 Daimler running around campus. But I always like the looks and the sounds of the Big Healey.

I was scheduled to graduate in February, and I had a job lined up. I thought I would treat myself, and relieve some stress from studying by looking for a new car. One day, I drove my 1953 Ford rust bucket to Manhattan Motors on Queens Chapel Road in Hyattsville, MD. It was a gray and dreary day and Manhattan was the local Austin Healey dealer. I convinced them I had, or would have, the means and convinced them to let me take a test drive.

There it was, a brand new 3000, BJ8, British Racing Green, wire wheels, perfect! And I had the keys! I remember starting the car and hearing that beautiful sucking noise from the twin SU's. Then driving off the lot hearing the throaty roar emanating from under the car. What a thrill!

I drove the car back to the dealership with a big smile on my face. The dealer's salesman asked me what I thought. I said I loved it. But, then, it got down to the nits and grits. The price!

Remember this was 1965, my new job was going to pay me \$680/month, \$8,160/year. And that salary was near the top for a new engineer in 1966. The price for this new Healey, my dream car, was \$3,200. Almost half of my annual salary, and that was pre-tax. I melted thinking this would never, ever, happen.

So, I ended up with a brand new 1966 Ford Mustang, dark blue with a white top convertible with a 289 V-8 and an automatic slush bucket. The price was a much more affordable \$1,800. Looked cool, not fun to drive. Seemed like it just couldn't get out of its own way and my buddies who had manual transmissions would blow me away. I did put Koni shocks and Michelin X's on it, so I felt a little better. I loved the smell of the X's when they warmed up. I think I was the first guy in the area that had radial tires.

So, life happened for the next 55 years. In February of 2019, my sister and brother-in-law were visiting us in Naples. One of our favorite events in this month is Cars on Fifth hosted by the Ferrari Club of Naples. This event is a major supporter of St. Matthew's House. St. Matthew's House provides innovative solutions to fight homelessness, hunger, substance abuse, and poverty in Southwest Florida.

As well as gorgeous Ferraris of various vintages, other cars are invited to participate along beautiful 5<sup>th</sup> Avenue in downtown Naples. The 2019 Cars on 5th show was one of the best yet. There were 607 cars spread across many classes. This included more than 150 Ferraris and supercars, 70 Corvettes, 70 Porsches, 80 muscle cars, 20 antiques and classics, 30 British cars, and 30 cool cruisers.

My brother-in-law worked with cars for his entire life, and loves to go to car shows. But our schedules didn't align that year and he went to the show by himself.

On the evening of February 9, 2019 my brother-in-law sent me a photo of a 1966 Austin Healey 3000 with a for sale sign in it. British Racing Green, wire wheels, it was love at first sight. Deja vu all over again.

I couldn't make out the phone number on the for-sale sign, but he blew up the photo and gave me two deciphered numbers.

To make a long story short, she ended up in our garage. The icing on the cake is that the inside of the glove box door is signed by Donald Healey! She had "been around the block" a few times as they say. After a month of brake work, tune-up, fluid flushes and refill, etc. we drove it for about 1 month. We sent for, and received, its British Motor Industry Heritage Trust certificate. We then decided it needed to be returned as closely as possible to its initial condition and drove it to Tsikuris Classics in Lakeland, FL for interior and exterior refurbishment. It cost three times as much as planned and took three times longer. But progress was made, and Paul paid a lot of attention to every detail. We think it looks great! We were very excited when we picked her up on January 2, 2021. Happy New Year to us!

We had an uneventful drive from Lakeland to Naples except for two rain showers. Got a lot of honks and admirers on the way.

Her name is "Victoria", and we hope that we will be able to spend many hours experiencing fun, sharing stories, and enjoying the camaraderie with the other members of Naples-Marco Region Antique Automobile Club of America.

Frank and Christina Palulis
