### GREETINGS

Hello everyone. Hope all are well!!  
WOW what a beautiful month! Weather has been perfect. That is if you are here in Naples.

However, the traffic is another subject. Unbelievable!!  
That is the only description I have.

We were lucky enough to attend the AACA Cape Canaveral Region Show in March. Took my 57 Chevrolet Nomad Wagon. Got another preservation.

The show was located at a private museum in Melbourne. The American Muscle Car Museum. That was the absolute best private event location you will ever attend.

Paul-a team captain and I both judged. Ed Green and his wife Eugenia also judged there.

There were at least 10 Ford GT's. This is a recent version of the car that beat Ferrari in the LeMans Grand Prix and came in 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup>.

Mark Pieloch, the owner, owns over 325 cars total, and has 182 on display. He also has a large maintenance building complete with the latest equipment and a large staff.

Mark and his wife were present all day. Mark then announced that all monies taken in show day would benefit the AACA Library

I cannot believe there is a better hobby than our antique cars!!!!

Happy Trails

Paul and Yvonne

### *Special note...*

*I have arranged for our group to visit a local museum collection at Jim Walker's Open House on Marco Island. Date is April 23, 2022. Location is west of our Keith Pershing's garage on Elkcam Circle (near N. Barfield and E. Elkhart Circle). Time 10 am to 1 pm.*

*And Jim fixes a wonderful lunch!!*

*Any questions call Yvonne*

## Editor's Note

The temperature seems to be increasing and I'm sure that our seasonal members are planning the trip back north, and maybe you have already left. I hope you've had a chance to participate in some car events this spring while you were here.

We had a lot of contributors this month... more than normal. This issue includes the regular items from Edythe (Minutes), Grant (Legislative), and Kathy(History). Hank Feinberg contributed a note about Collector Car Day, Malcolm on the Village Walk event. Special thanks to Alyssa and those at Island Automotive for their photos from the Melbourne and Boca Raton Events. Yvonne also supplied some photos. Check out the videos on page 10. They were contributed by Yvonne and Dennis McKinley (from the Triumph Club of Southwest Florida) and hopefully they'll entertain you. Keep the contributions coming!

Make sure you remember to attend the Jim Walker Open House that Yvonne has set up for April 23. Details are at the bottom of the previous page and also on the Events page. Jim has lots of high quality cars in his Marco Island facility which is itself quite impressive. The February Running Board had a few pictures taken during a previous Open House.

At the March meeting, it was reported that there are still some members that have not renewed their membership for 2022. Once again, hopefully the last time, we've included the membership form. We've only have three ads in the classified section with one about to expire and two new ones, so as usual, there is plenty of space.

Send future articles, comments, pictures, ads, etc. to [ron.schlechtweg@gmail.com](mailto:ron.schlechtweg@gmail.com).. Cut-off date is the last Thursday of each month for the next issue.

Take care and be safe....  
Ron

## 13th Annual Collector Car Appreciation Day 2022

The SEMA Action Network (SAN) announced that the next Collector Car Appreciation Day (CCAD) will be officially celebrated on July 8, 2022. The date will mark the thirteenth consecutive commemoration in what is now an annual holiday to raise awareness of the vital role automotive restoration and collection plays in American society.

Intended to honor the classics of the past and the future, the U.S. Congress helped launch CCAD by passing Resolutions each year since 2010 at the SAN's request. The previous resolutions were sponsored by co-chairs of the SAN-supported Congressional Automotive Performance and Motorsports Caucus. These Congressional leaders are strong advocates for the automotive hobby in Washington, D.C., and recognize the integral role collector cars have played in fostering our nation's appreciation for the automobile's unique place in our history.

In preparation for the next celebration of the nation's automotive heritage, enthusiasts and related businesses are already planning a wide range of automotive festivities to commemorate

the occasion. The SAN will again maintain and publicize a list of scheduled events to commemorate America's time-tested love affair with the automobile at [semaSAN.com/CCAD](http://semaSAN.com/CCAD). Whether public or private, plan and submit the details of your automotive-inspired July celebration at no cost using the link. The CCAD online tools accommodate both traditional in-person and web-based events. Those planning to pay tribute with a virtual gathering (online event, livestream, digital gallery, etc.) are welcome to provide details for inclusion on the SAN website. Participating organizers will be awarded a copy of the Congressional resolution for display at their registered event. If you are unable to celebrate on July 8, the SAN encourages events to be scheduled throughout the month of July 2022.

## March 14 Meeting Minutes- *Edythe Newbourn*

Meeting held at the Berkshire Lakes Clubhouse. Meeting called to order at 7:00 PM and the Pledge to the Flag recited. New member Charles Young and his wife were introduced.

Membership Report - 86 of 118 dues paid with 5 new ones this week.

Speaker did not show so members talked and shared stories and memories with the group. Paul Rhoades talked about the trip to the Melbourne Nationals Show and the visit to the American Muscle Car museum. Gary and Roger talked about their "new" old cars. Peter told a car story. Greg Russo told us about his corvette top. Several other members also contributed stories and memories.

There will be a car show in March 2023. Gary Doner and Ed Green will be in charge. The show is usually the fourth Saturday in March.

The 50/50 raffle was won by Patrick and other prizes were given out by raffle ticket called. Refreshments were served (thanks to Judy and David), with a St. Patrick's Day theme. Meeting adjourned at 8:30.

## Legislative- *Grant Simon*

Senator Warren G Magnusson, Washington, Representative Robert E Moss of California and Senator Frank Moss of Utah had this law passed in 1975 to make automobile manufacturers warranty their vehicles and parts for the same amount of time and mileage even if the parts replaced were used or aftermarket. Manufacturers have been denying warranty claims when these other parts are used, which is against the Magnusson Fergusson act. SEMA is pushing for the Act to be followed by vehicle dealers and manufacturers. This is to make vehicle owners aware of the law.

### SEMA Magnuson Moss Disclosure Model Bill

Within 90 days after the purchase or lease of a new motor vehicle in the State of \_\_\_\_\_, the motor vehicle manufacturer, distributor, or factory branch shall mail to the buyer or lessee a written statement, presented in a conspicuous and understandable manner and printed in both the English and Spanish languages in not less than 10-point

boldface type, and provide a written statement in the vehicle manufacturer's owner's manual, that provides the following:

- i) "The Magnuson-Moss Warranty Act, 15 U.S.C. s.2301 et seq., makes it illegal for motor vehicle manufacturers to void a motor vehicle warranty or deny warranty coverage solely because an aftermarket or recycled part has been used to repair the vehicle or someone other than the authorized service provider performed service on the vehicle. This provision does not apply to a new motor vehicle purchased solely for commercial or industrial use.
- ii) "Under federal law, a manufacturer may deny warranty coverage and charge for repairs to a vehicle if it is discovered that an aftermarket or recycled part installed on the vehicle is defective or was installed incorrectly and caused damage to another part of the vehicle otherwise covered under warranty. The Federal Trade Commission requires that a manufacturer demonstrate that an aftermarket or recycled part or service performed by a person other than an authorized service provider caused damage to another part of the vehicle otherwise covered under warranty before denying warranty coverage. Additionally, federal law allows a manufacturer to void a motor vehicle warranty or deny warranty coverage if the manufacturer provides the article or service to consumers free of charge under the warranty or the manufacturer has secured a waiver from the Federal Trade Commission.

Failure to comply with the provisions of this section constitutes an unlawful practice.

As used in this section:

- i) "Aftermarket part" means a part that was made by a company other than the motor vehicle manufacturer or the original equipment manufacturer.
- ii) "Recycled part" means a part that was made for and installed in a new motor vehicle by the manufacturer or the original equipment manufacturer and later removed from the motor vehicle and made available for resale or reuse.

This act shall take effect immediately.

## History, April, 2022- *Kathy Hollis, Historian*

The January, 1998, issue of the Running Board contains information about the first meeting run by new president, Dom DiSarro. He requested ideas concerning the direction the club should take in 1998 concerning programs, speakers, events, etc. Dick Weise stated that he had reviewed the questionnaires completed by the membership last spring and found that women in the club had stated they would like to see other subjects besides cars presented at the meeting. Others did not agree with this, as this would be taking away from the purpose of the club. There was no action taken on this subject.

The club had done several displays at local assisted living and nursing homes. Some of these included lunch and others the group went out to lunch on their own. The club had agreed to go to a restaurant called Hickey's for lunch; however only 4 showed up. The members had signed up at a previous meeting, but did not come and the restaurant had put on extra help for the group. It was asked "Do we need to call the signees to remind them?" The chairman said to give them some input as to what we can do to avoid disappointing our enthusiasts who enjoy seeing our cars.

It has been over 20 years and we still have the same problems!!!!

## March 19th Show/Car Tour through Village Walk ....in honor of two of our AACA Section's former members

There were 35 cars by my count with members Paul Rhoads, Neil Jamieson, Grant Simon, Bill Britton, Stan Chesney, and Mal Newbourne showing our flag. Long time member Burt Abrams was there as well with the 74 VW Beetle Convertible that was one of his credentials when a member of our club, and which his son had loaned him for the season.

The widows of members Stan Shillington(wife Diane) and Lou Gehring(wife Peggy) were there along with Lou's sons and daughters.

The event's convoy wove in and out of the 20 or so cul-de-sacs that make up Village Walk. Many, many of the residents were there waving at us, and the rest were sitting and enjoying the shade of their garages. No breakdowns.

Nice Day, Nice Show.
