

OHIO DEFERRED COMPENSATION

Ohio Deferred Compensation (Ohio DC) has partnered with Enrich to provide our participants access to free, robust financial wellness resources. We want to encourage you to inform your employees that they will soon have access to this new platform and to thank you for helping your employees to improve their financial wellness.

Ohio DC staff evaluated the needs of Ohio public employees to ensure the company we partnered with was equally focused on building a better financial future for them. With this new set of tools, we hope to remove financial roadblocks that can get in the way of your employees achieving their dreams, by providing them with fun and easy-to-use resources to improve their personal finance skills.

When it comes to money, everyone has different strengths, weaknesses, and goals. Enrich will help your employees build a personalized plan, with recommendations on the tools, videos, and mini-courses that are most relevant to them.

In order to take advantage of these resources, an employee must be enrolled with Ohio DC and have an online account established. If employees are interested in taking advantage of these resources but are not yet enrolled with Ohio DC, directions for becoming a new participant are included in the graphic below.
