OLD BUSINESS

1. Update on Plants bad pump 'spare' for Patchen & Steve; ORDERED
2. Clear Wells bypass installation for Steve & KNA; ON THEIR AGENDA
3. Valves & flushing the Hydrants spreadsheet is a work in progress; JUST THAT
4. Flood Insurance has been sent this month; \$959.02
5. The RWD10 Face Book page is going well, but there are still about 40 residents who have not responded to Friend invitation or I cannot find them on FB.
6. **A correction made on the previous minutes to reflect the correct date of next meeting.**

NEW BUSINESS

1. Steve's Report; 1.) Property on Delaware installed new line to meter and we discovered out meter pit is in a bad way, Steve repair. 2.) Property on Jesse James has a small leak in main will fix along with the property on Delaware. 3.) Steve fixed the Office potty with a part that was needed, will reimburse him. 4.) When the IMPELLER part arrives in Lawrence we will coordinate a pick-up time for the part.

2. What do we need to do to get the ball rolling on a new Telemetry System? Its's all about when we can afford it. Steve will contact RW Bott and get a rough estimate, but at this point we realize we are several 1,000's of dollars away from that fix.

3. Andy brought up the Hand Pump at the intersection of Quail Hill & Valleyview. There is concern that it provides free water. Sharon B. of the LSEID Board uses it for watering the berm/flower bed area's but she will put a lock on it so that it cannot be used for any free water.

Patron Concerns: Sharon B. wondered about the Stand Pipe in the street corner across from the office. The valve under it has been run over for years and KRWA & Steve were concerned for its safety, so this pipe was installed; one of a few actually.
