

Working Together

How it works

I'm your support system and "Retreat Genie" on the ground, in a country that you may not know well or at all. I speak the language have relationships with many beautiful venues around Bali and I partner with and support the local communities and of course help you create the retreat of your dreams. This allows for a stress free retreat for yourself, so you can focus on being present with your guests whilst i make sure everything is organized, and running smoothly in the background.

Step 1- Lets Chat

I always like to get to know potential clients in person as step 1. This way you can tell me exactly what your vision is so i can make venue suggestions based on your specific needs and wants and have a good idea of what it is that you are wanting to create - First things first, lets schedule a zoom call and see if we resonate together.

Step 2- I'll send you a quote

Once i know what you have in mind , i can make venue suggestions and quote accordingly. I will also ask that at this stage you have had a look at the list of activities on offer and chosen 4 or 5 that fit with your retreat offering (i'm happy to make recommendations on popular activities too if the choice is too overwhelming as there is certainly a lot to do in Bali). Once the venue and activities have been chosen i will send you a formal quote, which you will sign and return if it fits your budget and your heart feels like its singing with excitement :)

Step 3- We set a date and you make a commitment deposit

In order to hold a date at a venue, you will need to make a commitment deposit of \$1500 to show you are serious about working with me and following through with the selling and marketing of your retreat. This amount will go towards your final invoice, but will be non refundable, so should you wish to cancel the retreat, the deposit will be forfeited, however should you wish to postpone, the deposit will be valid for a further 12 months.

Step 4- I create a flyer and itinerary for you to market on your platforms

Once the deposit has been received, i will create a beautiful flyer and daily itinerary that you can use for your marketing material. I will ask you to provide any images of yourself that you would like to be included (happy to send examples so you know what you will be receiving)

Step 5- You start Marketing your retreat

The sales and marketing of your retreat is your responsibility, but i know you will sell out with confidence and if for some reason that is not the case postponement is also possible (but this needs to be decided no less than 4mths before the date of the start of the retreat.

Other things to consider

What's included in your quote

7 nights Accommodation with breakfast daily
Meals - Full board or half board (depending on your requirements)
Airport Transfers
A visa to allow you to work as a retreat host in Bali
Free retreat costs for the host
4/5 Activities (you choose from the list or request something that may not be listed)
Transport to and from all activities
Shuttle from hotel to the town centre daily
Full logistics

Venue Options

There are many amazing venues to choose from in Bali. Here are a few of my favourite's, but please note there are many others and i will send property details for any venue that i think will suit your needs once we have had our initial chat and i know exactly what you are looking for. A couple of examples below.....
