

2025 Mentorship Program

A Gift from Tray needs YOU!

A Gift From Tray provides scholarships to African American males who will be attending an HBCU. Also, we pair our young men with a mentor who will guide them through the sometimes difficult, and overwhelming situations they may experience in college. This is where we need you. We are looking for mentors to be present in the lives of our Mentees! You may ask yourself:

“How can I help and what are the requirements?” I’m glad you asked...

We are looking for individuals who are willing to provide our mentees with the tools, guidance, support, and feedback needed to thrive throughout their college experience. These individuals are willing to be confident to the mentee by keeping their conversations confidential and being nonjudgemental, honest, and candid. They must be flexible with their time by touching base with the mentee periodically. Sometimes you as the mentor may have to initiate the conversations.
