TUESDAY
September 12th
9-10am

Common Roots....Connecting with flexibility and more!

Common Roots is a flexible, stress-free, fun, educational, and empowering opportunity that is not only locally built with diversity and equality at the forefront- but also internationally connected that provides optional commission and referral bonus opportunities to its members. We meet virtually weekly, in-person monthly, and connect to the national Network Lead Exchange community regularly. This is more than just a networking group, but a collective of local businesses working together to build community and grow our unique customer bases.
