Home Show Exhibitor Information

To New Exhibitors,

We are pleased to invite you to register for the third biennial Northernlink Ag, Home & Sport Show, hosted by the Friedenstal Historical Society in Fairview, Alberta, on March 27–28, 2026.

Established in 2018, the Northernlink Show was created to connect producers, makers, and consumers across the Peace Country. Held every two years, the event celebrates agriculture not only as an industry, but as a way of life—highlighting how farm production, value-added goods, and rural craftsmanship come together in our homes and communities.

The Home Show portion of Northernlink is intentionally focused on exhibitors whose products are rooted in agriculture and rural living. We welcome growers, food producers, and makers who transform agricultural resources into finished goods, including farm-based foods, livestock-derived products, natural materials, and practical items that support self-sufficiency and homestead living. This is not a traditional home renovation show, but a curated selection of ag-connected products that reflect cultivation, craftsmanship, and rural enterprise.

Since its successful launch in 2018, the Northernlink Show has continued to grow—bringing together producers, suppliers, makers, and families for two full days of connection, learning, and community pride. Our goal is to ensure the event remains a long-standing tradition that supports local enterprise and strengthens ties across the agricultural community.

Agricultural and sport exhibits will be located at the Fairview Arena, with Home Show exhibitors hosted nearby at the Legion Hall, creating a cohesive and accessible experience for exhibitors and attendees.
