DRESS CODE

The dress code for Phoenicia Lodge #58 will be professional casual for Stated Meetings. This means slacks, button-down collared shirt, dress shoes. No jeans, shorts, sandals or running shoes.

Tie and jacket are not required but are your choice. During the summer months, we will step back to Lodge pullovers instead of collared shirts.

CONGRATULATIONS WM STEVE DILDA AND THE BROTHERS ON RECEIVING THE 2022 MASTER ARCHITECT AWARD!

WORSHIPFUL MASTER – STEVE DILDA

Greetings from the Oriental Chair,

Brethren, Yes, summer is here and the NWS recently issued an Extreme Heat Warning and also is saying that our Monsoon season will be better than the last 2 years. YAY. All I can say to that is - stay hydrated.

Also, this is a good time to crank up the Calling Committee and check in on our brethren, especially our elderly. A phone call takes little effort and can mean the world to the other person. And with today's technology, it's already pre-paid.

Marilyn and I were at Lowe's last week. As we were leaving,

I noticed another couple with a shopping cart loading their truck with their newly acquired goods. On both taillight was a Masonic emblem - that made me smile. As I continued to watch, and maybe recognize him, they emptied their shopping cart and pushed it into the parking spot next to theirs, got into their truck and drove away. How un-Masonic was that? Yes, it has bothered me every day since then. It's sometimes the simple things that separate Masons from those who wish they were. That 15 seconds it would have taken to push their cart over to the cart collection area could have changed somebody's perspective of Masonry. It's simply the right thing to do, as most others do. Were they displaying our emblem to brag or were they advertising our great fraternity? Or, were they just in a hurry to be someplace else? Either way, doing the right thing when nobody is watching is *integrity*. It's more important when others are watching and you're displaying Masonic emblems on your vehicle.

We should have an EA and a MM degree within a few months, but no other degree work is planned.

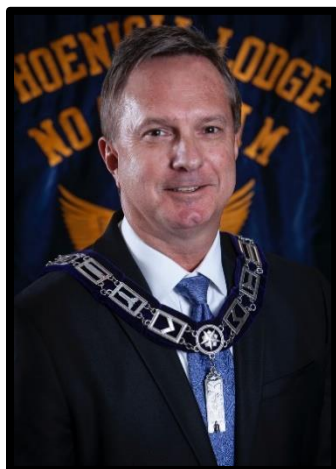

August cranks up our biggest fundraiser, Culinary Craft Concepts, at State Farm Stadium. WB Hogue has a firm grip on all of that. Also, we have been offered a second Beer Portable for each of those games/concerts. These events aren't just for Masons, so if you think anybody would be interested in helping, please reach out to them.

Stay safe, stay hydrated and have a fun summer, Fraternally,

Steve Dilda
Worshipful Master
Phoenicia Lodge #58

BRO. STEVE HOOPER – SR. WARDEN

Brethren,

Greetings from the south. As the weather warms, we find ourselves bracing for the intolerable heat of summer, but let's not look too far forward yet, the temps are nice now. That being said, we have now moved to our summer attire of polos.

As usual for this time of year, our activities are slowing down, yet there is always something happening. We recently passed brother Shane to Fellowcraft, and a hearty thanks goes out to all who participated in his degree. He's well on his way to his third degree, and we'll be putting together a cast soon.

Our Craft Culinary arrangement with the stadium was our most successful year to date, and while football season is over, there are events being added as we speak. Recently the Coldplay concert has been staffed, and more event announcements are sure to follow. Another series of training classes has been scheduled and I encourage anyone who hasn't been trained yet to attend and get your cert. These events may be hard work, but they are fun and satisfying.

A final shout out to all who have attended our official visits, with a note; if you commit to attending, please make every effort to do so. If something comes up and you find yourself seriously indisposed, please call one of the pedestal officers as soon as possible so we can arrange a replacement.

Fraternally,

Steve Hooper
Senior Warden

W.B. REED HOUGE – JR. WARDEN

Brethren,

I was recently traveling with some friends who are not Masons. We were checking out the downtown area we were visiting and passed the Masonic Temple. They were observing the cornerstone and started to ask the standard questions about the dates, what is AF&M, what do the symbols represent, etc. and I thought there are a lot of people out there that have no idea what Masonry is and what it stands for.

This reminded me of my first year in Masonry when one of the members from Grand Lodge visited our lodge and suggested we

have an “elevator speech” or short explanation ready for non-masons when asked who we are. I included a couple things told to me and hope you find them useful. The first is a quick response when asked what is a Mason?

A Mason is someone you can trust with Money,
A Mason is someone you can trust with your Wife,
A Mason is someone you can trust with your Secrets,
A Mason is someone you can trust with your Life!

The second, Masonry in a Nutshell, is something I obtained from WB Kenn Barrett DDGM and member of King Solomon Lodge #5 and gives a broader and longer explanation if your audience is interested.

MASONRY IN A NUTSHELL

You may have heard of “the world’s oldest profession.” But the world’s oldest *organized* profession was stone masonry. Ancient civilizations realized you had better know what you are doing if you are going to build with stone. This gave rise to ancient stone masons’ guilds, which required mandatory education, training, and rankings. Stone masons became known for their high levels of morality and ethics in building.

A novice was entered into the craft as an apprentice. Although only an apprentice, he was still entered into, or associated with, the craft. After years of training, he could be passed to the level of a fellow of the craft, or Fellowcraft. With more years, he could become a Master Mason.

Over the centuries, men joined the craft, not necessarily to be operative stone masons, but for the education in ethics, morality, and the arts and sciences. In time, more men joined for this academic and moral education and social interaction than to be actual operative stone masons. By the late 1600's, most were not operative masons, but what were called Speculative or Accepted Masons.

In the year 1717, Masons joined together to form the Grand Lodge of England in London. This is considered the birth of Modern Freemasonry as we know it today, although our history and traditions go back much farther.

Fast forward to 1776, and the questions on American's lips were, "Who is going to be our new king? What will be our system of royalty and nobility? What will be our class structure? What will be our official religion? After all, every country has these things (and many still do, even today).

Masons like Benjamin Franklin, John Hancock, Paul Revere, and George Washington said to the other Founding Fathers, "Many members of royalty and nobility around the world are Masons. But in our lodges, we all meet on the level, as equals. What if we have a country without royalty or nobility, where all are equal under the law? And what if we elect our leaders, as we do in our lodges, for specific times, then they return to the ranks? We Masons require a belief in God, but each man's religious opinions are his own. What if this new country had no official religion? Masons have long advocated education for everyone. What if we have free public education?"

These things were radical ideas at the time. There had never been a country like that in the history of the world. At a time when everyone recognized and accepted class, caste, and social divisions, Masonry taught Equality (represented by the level). While many taught that one should be satisfied with his lot in life, Masonry encouraged self-improvement.

While some institutions promote differences between men, Masonry promoted Brotherly Love, Relief (charity) and Truth (honest and moral behavior towards all, represented by the square). We advocate harmony in society. We stand for the brotherhood of man under the fatherhood of God.

Masonic tools and ideals permeate our society: A "square" deal. Are you on the "level?" The police gave him the "third degree." Our modern educational system is based upon the Masonic education system of ancient times. The Three Degrees of Masonry are Entered Apprentice (Associate of the craft), Fellow (Bachelor) of the Craft, and Master Mason. Masons use the geometric term, raised by "degrees." What are the three college degrees? Associate, Bachelor, and Master's Degree. Did you ever wonder why they call it a college "degree"? From Masonry! And what do they call that flat square hat you wear when you graduate? A mortar board, yet another mason's tool. Speaking of mason's tools, almost all presiding officers and judges use a mason's gavel.

Now-a-days we have diplomas to prove our educational achievements. In ancient times, a mason's apron, made of lamb or sheepskin, was his diploma. Did you ever hear of a diploma called a "sheepskin"? A mason was free to travel, hence a Freemason, or "journeyman." He could prove membership by certain secret signs, words, and modes of recognition, universally recognized by masons around the world, and still used today. These are the "secrets" you hear about. We are not a "secret society." We are a society *with* secrets. Fifteen U.S. presidents have been Masons.

Masonry takes good men and makes them better. We practice self-control, act ethically, practice charity, speak the truth, and help each other and ourselves to improve. We practice age-old ceremonies-the same ceremonies experienced by George Washington, Benjamin Franklin, Clark Gable, John Wayne, and many, many, famous and historic men through the ages.

As a Mason, your reputation and conduct will reflect upon the entire fraternity. If you would like to join like-thinking men of good character to improve yourself, all you have to do is ask.

THE RIDERS OF THE THIRD DEGREE

The Riders of the Third Degree are a Masonic Riders Association founded by two Brothers at Phoenixia 58 almost a decade ago.

Their plan was to promote Freemasonry from the seat of a motorcycle and, to serve their community through philanthropic endeavors. Their annual Toy Runs and Fundraisers bring toys to kids at Phoenix Children's Hospital. With the support of Phoenixia 58, Chrome Book computers are donated to deserving students at Campo Bello Elementary school through their "Working Tools for Students" program.

Since their founding, The Riders of the Third Degree have added a Chapter in Tucson. They too have annual toy drives for the Square and Compass Hospital in Tucson and do their own "Working Tools for Students" presentations in Tucson.

For more information on the Riders of the 3rd Degree, or to donate to our "Working Tools for Students" program, please contact us at: info@riders3.org

Fun Raiser PHOENICIA MASONIC LODGE #58

All Masonic Organizations are faced with the challenge of supporting their favorite charities and generating sufficient funds for the day-to-day operations of the Lodge. So why not have a little fun addressing this challenge? Historically the fundraisers follow the tried and somewhat tired path of selling raffle tickets, hosting dinners, holding Table Lodge meetings or participating in "for reward" community events. Everyone wins and the public opinions of the lodge are generally favorable. The returns are somewhat temporary which drives the lodge to move on to the next potential idea. Often what is missing is the brother's interaction for the good of the lodge. Too often it is only a few who support the needs of their affiliated lodge.

To address the specific needs and objectives of our Phoenixia Lodge, we are embarking on a different path, and building from the ground up. We are building security or concealed shelves. our stated objective is to support all masonic lodges who want to partner with us on a broad fundraiser with the potential of longer-term sustainable benefits.

Phoenicia Lodge # 58 is located in Phoenix , AZ. Lodge brothers have teamed together and we are building security shelves or boxes to order. We will provide flyers and within reason, schedule a lodge visit at your lodge for an opportunity for you to actually see the security shelves or boxes. And of course you are encouraged to visit our lodge as well. Our stated meetings are held on the second Tuesday of each month

Shelf or Box?

Shelf or box? The design is originally intended to mount to a wall as a shelf. Some customers prefer to keep the box on top of a cabinet, dresser or other piece of furniture; therefore, it becomes a security box. Either way , the contents are safe from the inquiring minds of children or other visitors.

Security

The security shelf is built using an RFID security lock. They come with a master RFID card, two additional cards and two key FOBS for you convenience. The locking mechanism is AAA battery operated and will require battery replacement as they lose power (estimated at 9 months), It is important to maintain the replacement cycle to avoid a "lock out" . The locking mechanism incorporated a low power alarm feature to alert you that the batteries will need to be changed.

Branding for your Lodge

The security shelf is built using high quality ¾ inch cabinetry plywood and pine trim boards. The top of the shelf can be laser engraved with the Masonic Square and Compass and your lodge number. Specialty art work is available on request; however, the art work will have to be approved prior to engraving, and may add a nominal cost.

How does your lodge participate in this fund raiser?

Your Obligation to this partnership is simple. We will provide you with flyers and order forms for your lodge members, family and friends. Your lodge will market, sell and collect the funds for the product, send the order forms to our lodger secretary with the funds collected, the orders will be scheduled with the fundraising chair for this project and the product will be built and delivered to your lodge for your orders. In turn, the lodge secretary will issue a warrant to reimburse the 50% net directly to your lodge. The estimated profit potential is \$100 for each unit sold by your lodge. You sell 10, you receive \$1000 for you participation.

How do we become a Fun Raiser Partner?

Simple, communicate with us. Contact us with you interest, and we will get the ball rolling.

 ☞ - DECEASED

The officers of Phoenicia Lodge No. 58 express their gratitude to all the brethren who have served the Lodge as Masters and who continue to serve as Past Masters. They who have gone before us have laid the foundation and the lower stories of the speculative building that we call "Phoenicia Lodge" for which we are indebted. We especially thank those Past Masters who continue to serve the Lodge that we may ever continue to build a magnificent edifice, in service to mankind and to the Great Architect who has given us every good and great thing and whose forgiveness we all rely upon.
