The Joseph “JoJo” LaRosa Foundation was founded in 2021 to support children battling cancer and their families by providing resources, accommodations, and donations to help ease the burden of their journey.

Joseph “JoJo” LaRosa was a beloved son, brother, friend, and teammate who was diagnosed with Desmoplastic Small Round Cell Tumor (DSRCT) in 2018. He fought bravely for three and a half years, remained grounded in his faith, and always cared deeply for those around him. JoJo was a source of hope, positivity, and strength, and he is deeply missed.

JJLF is honored to carry on JoJo’s legacy and is grateful for your generosity in helping us support pediatric cancer fighters and survivors and their families.

A nonprofit is only as strong as its community. Together, we can do more than we can alone.
