

MARR CELLARS

September Newsletter

On September 8th we celebrate one year since our first harvest as Marr Cellars. We have been crushing grapes and making wine for much longer but 2024 is when we started it all! We are incredibly grateful for your support over the past few months as we released our inaugural vintage. We have attended so many events this summer and met so many wonderful people and supporters. We couldn't have done it without you!

Sincerely Rob and Debbie Marr

Our Journey

10 years ago, we visited Napa California for the first time. This is when we fell in love with the wine industry. We visited during crush. The countryside was buzzing with activity and excitement of the harvest coming in. The tasting rooms were inviting and welcoming. Everyone we met was so nice and educational. We had wine tours with wine makers who really introduced us to wine and the industry. This trip planted the seed for Rob to pursue learning the art of wine making. When we visited the Willamette Valley 4 years later, we knew this is where we wanted to live someday.

Debbie loved the tasting rooms and hospitality. She loved how this experience became her wonderful vacation memories she took home with her. Fast forward to 2024. We never anticipated we would start our own wine label so quickly. However, the timing was not planned, but everything lined up perfectly and we had to take the Opportunity to follow our dreams. Marr Cellars was built on friendships, experiences, and conversations over wine.

We went to Napa in August and it was inspiring to see how we have come full circle. We enjoyed wine with our wonderful friends. We also enjoyed wine tasting with winemakers and guided tours.
