Art Deco paintball series

@SaintballLA

SaintBallLA is art in action with a competitive game of paintball... I am dreaming of bringing together brands and their products with multiple teams of creatives, athletes and corporates... To compete in a paintball series, inside our Art Deco pop up arena... Creating a league series you want to be a part of... This dream is packed with the idea of establishing a further cultural connection between brands, corporates, athletes and creatives... A new wave cultural experience...

There is a gun culture across America hands down... One of the largest demographics that fall victim to this culture is no other than yep you named it the Hip Hop culture... This event concept is engaging in the willingness to redirect that negative energy of an existing culture towards a safe mode of art expression...

- We are creating a pop up paintball sporting event series...
- Team play...
- Demographic of participants- urban teams, creative community, corporate community, brands, athletes...
- Arena - Art Deco space with a multiple of lounge sections as bunkers, wall separations, other unique bunker ideas...
- We will be using bunker ideas to create art and fashion pieces... Art will be framed afterwards... Fashion pieces gifted or sold...
- Awareness outreach to exceed the millions...
- Redirect negative energy to a safe mode of art expression...
- Create new wave cultural experience...
- Additional strategic partnerships...
