

## Low-Cost Spay and Neuter Application

Jasper Animal Rescue Mission is proud to offer this exciting new program to start out the 2025 New Year! This program was made possible by the unprecedented collaboration between the Jasper County Sheriff's Office and the Board of Directors of Jasper Animal Rescue Mission. Both parties have been working together for a number of months and have agreed that an aggressive spay and neuter program must be initiated in Jasper County, as soon as possible, to curb the astronomical intake and overpopulation of animals that this county currently experiences. This program will be administered to Jasper County residents ONLY and will be based primarily on need by all of the applications that are received. All applicants must fill out this application completely. Please list the type, quantity and sex of the animal(s) that will be served by this program. Proof of residency will be required, i.e. a recent copy of your utility bill along with a copy of your driver's license or SC State ID.

Based on the average cost to spay and/or neuter an animal being approximately \$150.00 or even more in most cases, how much money are you able to contribute to offset the cost incurred by this program? Keep in mind, that this is a "low-cost", not a "no-cost" spay and neuter program and we would like to extend this program to as many citizens as we possibly can – essentially you would be "paying it forward" to your neighbor! Please email this completed application back to [snac@jarmission.org](mailto:snac@jarmission.org) for further processing.
