## EDUCATION FOR RURAL AND REMOTE COMMUNITIES

~ LEARN TODAY, LEAD TOMORROW

When the education of our youth is threatened by lack of a sustainable environment conducive to learning. The conversations should include action steps to resolve the present issues on the horizon.

Such has been illustrated by MTN Ghana paving the way with their "MTN Ghana's 30 Days of Y'ello Care," initiative. Prior to their initiatives, the Aburi Presbyterian

Senior High Technical School in the Eastern Region faced issues with unreliable water supply, inadequate washroom facilities, insufficient food and lack of internet access.
