

# J P SYSTEMS, INC.

## ENTERPRISE IT SOLUTIONS

With decades of experience in large scale healthcare systems, we develop innovations and turn concepts into an industry - helping our clients cut costs and save time. Founded in 1983, J P Systems' deep knowledge of international clinical data standards and reference terminologies serve as a foundation on which to architect data exchanges.

Our mission is to improve the quality and interoperability of clinical data to support Electronic Health Records (EHR) systems through Health Informatics to better organize and analyze health records.
